## NWEA One Stop Shop

### [Link to schedule](#)

- 5/22 and 5/23
- Attendance in Ignite, Breakfast, go to testing locations at 7:55. Most kids test in homerooms. Case managers will email teachers who are not in their homerooms for testing.
- NWEA has changed for the state of Maine. Instead of MAP it is now Maine through the years (proctoring the test is much easier.) Proctors can now focus on monitoring the students in the room and not monitoring their status. Students who are booted will simply log back in without proctor intervention.

### Resources

- [Link to NWEA Login Site](#)
- [Special Ed Groups and Session Names \(has tabs\)](#)

Available to cover for bathroom breaks-Maddy Selby, Joe McNerney, Sue Austin, Sienna Tinsley

### Administration

- Students should log out of their account and [log in to the NWEA account using these instructions](#)
- **A proctor does not need to be signed in for students to be able to take the test.** As long as the student has their test ticket, students can log in and begin the assessment.
- The only reason a proctor would need to log in would be to view progress OR to reprint a student testing ticket
- [Here are instructions to view a student or testing groups progress](#)

If students finish early:

- How will you plan for the time when students finish early? Silent reading, missing work
- No access to library, no videos, computer games, cell phones, or music/headphones.
- If students have a previous test to make up, you can administer that make up session. Students should be able to log in via their testing ticket from the previous session

#### Trouble?

- Testing cards issues, reseating- Email Richey Vickers ([rvickers@rsu14.org](mailto:rvickers@rsu14.org)) and Tammy Lorenzatti ([tlorenzatti@rsu14.org](mailto:tlorenzatti@rsu14.org)).
- Call or Text Peter H. at 207 653 9860, drew at 4096260
- Or, call the office and they can radio for help.
