

Photo & Video Consent Policy

At Suffolk Academy of Dance & Performing Arts (SADPA), the safety and privacy of our students is a top priority. This policy outlines how photos and videos may be taken and used, and the conditions under which recording is permitted.

If you have any concerns about agreeing to this policy, please contact us via email: info@sadpa.co.uk.

1. Photography & Video Recording by SADPA

By enrolling at SADPA, you acknowledge and agree that:

- SADPA may take photos or videos of students participating in classes, rehearsals, or performances.
 - Only **approved photographers or staff members** will be allowed to take these official recordings.
 - These images or videos may be used in materials related to the school, such as:
 - Brochures and posters
 - The SADPA website
 - Social media posts
 - Promotional materials
 - Videos or photos of shows or public performances, made available for families to purchase
-

2. Restrictions on Personal Photography

To protect all students and families, SADPA enforces a strict **no personal photography or filming** policy during classes, rehearsals, and most performances.

- Cameras, mobile phones, or other recording devices must not be used unless **express permission** has been given by the Principal/Teacher.
 - This restriction applies **in all academy venues**, except where performances are held in public spaces (e.g., school fetes), where separate guidelines may apply.
-

3. Consent & Participation

Your agreement to the above terms is **a condition of participation** in any SADPA classes or performances.

If you have any questions or would like to opt out of specific uses, please email **info@sadpa.co.uk** to discuss your concerns - we're happy to work with you.
