- ❏ Purchase and link your textbook. If you need assistance linking your textbook, please click here. If purchased from the Bookstore, it will be bundled with an on-line Revel code and a mailed, three-ring hole-punched printed text. You do not need an access code from me to begin the process of linking your etext to the class. You will click on the "Open Pearson" link in the Week One folder and follow the instructions.
    - ❏ Options for purchasing the text are available in the syllabus and here. If you have any issues with using the Revel etext, be sure to read the section in the syllabus regarding getting assistance from Pearson and the Center for Teaching and Learning (CTL).
- ❏ Read Chapter 1 in your Revel e-textbook.
    - ❏ You will find it by clicking the tab called "Open Pearson." Be sure to take notes using the Cornell Note Taking Method. If you would like a template to help you with your note-taking here's a link to a file I downloaded. I've given you directions on how to use it in the comment at the top of the page. After you've read the section and taken notes on it, take the quiz. Then, move to the next section. After you've read each section take the final quiz at the end of the chapter. *The final quiz at the end of the Revel work is for practice only. No points will be awarded.* ***This is not your weekly Test over the chapter!*** Do not do the journal activities within Revel. **Assignments/Journals: 20%**

- ❏ Respond to the 'Coffee Talk" discussion prompt and reply to two classmates. Please review the information about how to complete a Discussion Board posting in this infographic created by Johnson and Wales University.
