

If you didn't do any Spanish last week, please go back to those assignments and complete them first.

Week of April 20

Assignment 1 ----

¡Hola Amigos!

We are going to continue learning our farm animals this week, but let's start today by practicing "El Shema"!

<https://docs.google.com/document/d/1Ae3tuf1Wvu1FQuwi1gnao0XIBT4WnTMD70F67vGpYQk/edit>

If you are e-mailing something to me...please title it "El Shema-(then your class)"

You have 3 options depending on your creativity and time...

- 1) I'd love to have you video yourself saying it :) I made classes and a project in Wevideo, so you should be able to go to that. If you need the code, please e-mail me and I'll send you your class code.
- 2) You can print it out and color all the words a different color and then cut the words apart like we did in class and then paste them all in order on a piece of construction paper. Then take a picture of it hanging up in your house somewhere and e-mail that to me.
- 3) Practice saying it a few times and then try and type it out in an e-mail to me. You can copy and paste it, and then below it, type it yourself (don't just copy and paste it twice). Some of you remember it well and can probably do it without looking!

Then, if you have a few more minutes, go through the flashcards on Quizlet (link below) again. Listen to the word, look at the picture and say the word, do this twice on each card and then flip to the next card.

Assignment 2

¡Hola Amigos!

Today we are going to continue learning our farm animals and add in how they move!

Please spend at least 10min going slowly through the flashcards on Quizlet (link below). I added a few about how they move. Listen to the word, look at the picture and say the word, do this twice on each card and then flip to the next card. You can do the match game after that if you would like.

Then, please send me an e-mail lnovakowski@zcs.org with a few sentences on different animals, what color they are and how they move. 3rd graders please do 3 sentences and 5th graders please do 7 sentences.

Please title it "Como se mueve el Animal-(your class)"

In the e-mail say 1. " _____(the animal) _____ (the color) _____ (how it moves)"
example:

1. "El cerdo rosado camina"

Or you could do a wevideo of you saying the sentences and send that in an e-mail or share it with me. I'd love to see your faces :)
