5. [GISP Exam Prep Material](#)
 - Exam Info
 - Study Material 2026
 - Useful Links
 - 2026 (study material)
6. Session Structure:

Topic & Preparation

- Each study session will be based on a pre-defined topic.
- The topic will be uploaded to a shared folder.
- Group members are expected to study the material independently **before** the meeting.
- While studying, each person should **write down questions** or points they find confusing.

Meeting Format

- **Start with Questions**
 - Everyone brings their written questions to the meeting.
 - The group discusses and tries to answer them together.
- **Clarify What's Next**
 - At the end of each session, the topic to study for the next meeting will be announced.
 - That topic is then uploaded to the folder for preparation.

Purpose & Mindset

- This is **not** a teaching group; no one is expected to lecture.
 - The goal is to **push and support each other** to study regularly and deeply.
 - Collaboration, accountability, and collective problem-solving are key.
7. Today's session February 24th Review GISCI Practice Exams [GISCI Retired Practice Exam](#)
 8. Next session March 3rd 530-630pm "Section 1 Conceptual Foundations (10%)"
