

Exit Notification of Student Placement in English Learner (EL) Program

Date: _____

Dear Parents, We want to inform you that your son/daughter has achieved proficiency in the WIDA (English Language Proficiency) test. He/She scored a _____.

Therefore, your son/daughter may exit the English as a Second Language (EL) program. We want to congratulate you and your son/daughter! Your son's/daughter's general education teacher(s) and principal have discussed the dismissal process and have used the dismissal protocol outlined by the Department of Education from Michigan.

There is a plan to monitor your son/daughter for the next four years to ensure that your son/daughter is not experiencing any academic challenges due to language problems. If this happens, then you can be sure that interventions will take place to help your son/daughter succeed. This plan may or may not include re-entry into the EL program.

If you have any questions, please contact your son/daughter's teacher, or you may also contact Lisa Redmer, our school counselor.

Thank You,
