Granting Google Search Console (GSC) Access

Log into the Google Search Console (GSC) containing your verified website at https://search.google.com/search-console/welcome.

Once logged into GSC go to the website property you're granting access to in the top left search bar.

Click "Settings" on the left panel then click the "Users and permissions" row.

Click the blue "ADD USER" button and add "forcemktg1@gmail.com" with Full permissions.
