

## UniSuper's investment webcast

### You're invited to UniSuper's exclusive webcast: **Investing – an institutional perspective**

When a percentage of your pay goes to your chosen super fund, that money is carefully invested in a range of assets to grow your retirement savings. Our partner super fund, UniSuper, has an in-house team of experts making investment decisions every day.

If you've ever wondered how investment experts go about their work, or have simply been curious about markets and money, UniSuper's exclusive [Investing – an institutional perspective](#) webcast is simply unmissable.

You're invited to this unique opportunity to hear directly from UniSuper's Investment team. This webcast is made for UniSuper's employer partners like us, their employees, and students.

Join UniSuper's **Chief Investment Officer John Pearce** together **Head of Property, Kent Robbins**, and **Senior Investment Analyst, Marina Wang**. They'll deep-dive into the world of investments and finance, share their career highlights, and answer viewer questions.
