For email asks:

Dear Friends and Family,

I've been volunteering with [Code for X/OpenX] since [201X]. In my time there, I've worked on many meaningful projects. [INSERT 2-3 EXAMPLES, e.g. We've helped vulnerable residents better access safety net services; helped people avoid bench warrants through texts from Courtbot; improved the public transportation notification system; worked with a nationwide network of volunteers to map the current criminal record expungement process in order to advocate for a more equitable and just one.] And these are just a few examples of the work we do, all of which have one thing in common: **making [CITY] the best place it can be.**

[Code for X/OpenX] is part of a national network of over 80 Code for America Brigades. Thousands of volunteers just like me are working on hundreds of projects across the country in their own communities: responding to natural disasters, increasing local job opportunities, helping keep people out of jail, keeping families together at the border, and so much more.

And none of us can do this without the support of generous friends and family like you. We're trying to raise \$1000 before the end of the year, and a donation of just \$20 would make a huge difference!

Please support our work by making a donation to [Code for X/OpenX] today! *(Please be sure to select [INSERT BRIGADE NAME] in the drop-down menu that says "If your donation is for a Brigade, please select the Brigade Name."*

All our best,

Code for X/Open X

For a Facebook Fundraiser:

Support [Code for X/Open X] and help us raise \$1000 before the end of the year! We're one of over 80 Code for America Brigades working across the country to improve our local communities. From responding to natural disasters, increasing local job opportunities,

helping keep people out of jail, keeping families together at the border, and so much more -- Code for America Brigades are at the forefront of civic engagement in the digital age. Help us make X the best city it can be by supporting [Code for X/Open X] today!
