2025 ELECTION QUESTIONNAIRE

Name: LaWana Slack-Mayfield
Position: City Council (At Large)
Party: Democrat

Please provide demographic information about yourself to help voters (age, education, current occupation, where you live).

Age: 55

Education: A.A.S. Construction Management in Technology, Associate in Arts

Background: Council-Member At-Large

Residence: North-West Charlotte

Why are you running for this role and why should voters pick you?

I am running to continue advocating for local residents. I helped to create the CLT+ App, created the District-3 Airport Job Fair that ran for 7 years, created the "TLCbyCLT" housing rehab program. I am leading the city "Faith In Housing Initiative", motioned for \$1.5M of ARPA funds allocated to assist city employees facing financial challenges and have been a champion for Fire Department improvements that led to funding the study of a new "Burn Center" at the training academy.

What is one thing you would like to accomplish in the first six months if elected?

As it takes 6-votes to move policy forward, I would like to move Council towards preparing for financial shortfalls our residents that receive subsidies may be facing regarding their current housing under the Trump administration.

What is your position on the proposed transit tax and why? Will you vote in favor of it or against it in November?

As an elected, I voted to move the proposal to the ballot for residents to have a say in the decision. I personally am listening to residents and questioning the benefits to our most vulnerable residents before making my decision.

What endorsements from any notable NC organizations or individuals have you received?

Victory Fund, Charlotte Metrolina Labor Council and LGBTQ Meck Dems so far

Tell us something unexpected about you that voters may be interested to know.

I am a fan of Sci-fi and enjoy attending Comic Con when my schedule allows, I also have a pretty good comic book collection.
