SUBJECT LINE: Why do men not see me

BODY TEXT:

Hey, it's {your name}...

Are you invisible to men?

Or have men looked right through you?

If so, you're definitely not alone. This is very common.

This is what some women are doing to [command men's attention](#)...

Today I want to share some secrets on how to command a man's attention and make him feel an incredible attraction to you.

And they're so simple to use, you'll immediately start feeling much better by starting here...

Most attraction secrets are all about body language and non-verbal communication.

Women have endless ways of communicating attraction—things like eye contact, smiles, and touches.

Figuring out ways for women to make men feel attracted to them, even when they're feeling nervous and shy, is an incredible advantage.

Try these out and see for yourself...

Remember, [this link](#) will probably be taken down soon (maybe tomorrow).

Check it out now while you still can.

Happy hunting

PS. Did I tell you that this strange presentation is by an ex-dominatrix?

Seriously... she's already helped over 10,000 women just like you!

This is crazy. How does she know so much about men? [This is how](#) you can make them notice you more and want to be around you all the time
