How to reach me

- The easiest way to reach me is through Tumblr DMs or on Discord, or through Kofi, all under the name rhoul.
- In your message, please include:
 - What type of commission you are looking for (bust/portrait, no shading/light shading/full rendering);
 - The number of characters and add-ons, including the kind of background you want;
 - A description and/or, preferably, visual references of your character(s) (photos, picrews, etc.);
 - A description and/or references for the clothes and pose, as well as of your chosen add-ons (if applicable);

- Any other information and references you believe may be helpful or important.
 - If you struggle with your message, a guide has been provided at the end of the document.
- I will get back to you as soon as I have the time; if I haven't responded at all within two days, you may send another message.

Terms of Service

- Full refunds will only be issued if I haven't begun working on your piece yet. Half refunds will only be issued pre-coloring. Once I start coloring, no further refunds will be issued. If I find myself unable to complete your commission for some reason, a full refund will be issued, regardless of the stage of the piece.
- My art is to be used privately only, so only as profile- or background pictures, character art for rps, etc. Commercial use is not permitted.
- My signature is not to be removed from the finished piece.
- As long as the above-mentioned point is respected, you may edit the final piece however you like (ex.: adding extra filters).
- If a commission is not explicitly stated to be private, I will post the finished piece on my social media art account after completion.
- I reserve the right to refuse any commission at my own discretion.

Payment policy

- Payment will happen through PayPal or Kofi and should be in Euro or, if necessary, the price's equivalent in your currency.
- 50% of the final price will be paid upfront, the rest upon completion of the piece. You will only receive a high quality version of your piece after the full amount is paid.

Additional information

- Providing visual references is highly encouraged. This goes for character designs, outfits, poses, furniture/scenery and animals alike.

- I take approximately one to two weeks per piece, though the time may vary depending on the complexity, your place in the queue, and my schedule. I will update you on my progress regularly and will provide WIPs at the major states [sketch, lineart, flat color].
- Major changes to the pose/composition are only available right after the sketch is shared. Once the sketch has been approved, only smaller changes will be possible.
- You may get a slight upgrade to your commission if I feel like playing with the shading; this will, of course, be free of charge.
- The finished product will be shared via email or Discord and will consist of the full piece with a small signature, as well as a close-up of the face [the latter is only applicable to portraits].
- My standard format is 2175×2812, though I will provide additional or different formats [ex.: horizontal, square, smaller, etc.] free of charge.

Wording help

If you struggle with putting your request into words, you may send me this list:

Size, select one:

1. Mini portrait
2. Bust
3. Portrait

Shading, select one:

1. Flat color
2. Environmental shading
3. Full rendering

Background, select one:

1. One color/gradient/texture
2. Scenery
3. Furniture, i.e. sofa/armchair/etc.

Add-ons, select up to two:

1. Additional person
2. Small animal, i.e. mouse/bunny
3. Big animal, i.e. cat/dog

Additional:

- Who do you want me to draw? Preferably with reference pictures.
- Do you have an outfit or accessories in mind, if not the one/s in the reference?
- Do you have a pose and a mood in mind?
- Is there anything else you want me to know?
