***** SCHEDULE IS SUBJECT TO CHANGE. PLEASE STAY UPDATED.**

Updates on USAU are in progress, please note that pools state more games than actually exist. Please follow the spreadsheet.

Welcome to the 37th Annual Presidents' Day Invitational Tournament presented by the UC San Diego Dragon Coalition & Air Squids.

Sadly, the weather has got the better of our grass down here in San Diego and tragically, there are only so many turf fields to go around. Too bad this wasn't a surfing competition, we have pleeenty of ocean to share. We will keep that in mind for next year.

But here we are! Thanks for sticking with us. We hope for dry fields on Sunday, but we will keep you all posted.

For now:

The tournament will take place on two field sites, Muir Fields (fields 1-3) and La Jolla Country Day (fields 4-5) - shortened to LJCDs. Thankfully, the field sites are very close! Only an 8 min drive and 3.2 miles, a pleasant jog.

Tournament Directors:

In case of emergencies, here's the contact info for the TD's that will be on site the day of. Please try to direct all questions to ucsdultimatetd@gmail.com until the start of the tournament.

2025 Presidents' Day Invitational Tournament

Spotlight

RIMAC Fields #2 and #3 will serve as the showcase field throughout the weekend. Fields are expected to change on Sunday in order to allow Ultiworld to highlight certain games. Please reference the USAU website before your game for the most up to date information on field location.

UltiPhotos will be on site Monday only, and will post highlight photos that evening. Full coverage galleries will be available ~1-2 weeks following the tournament at [UltiPhotos.com](https://ultiphotos.com)

Facilities and Sustenance

Showers are available in:

1. RIMAC arena locker rooms. Enter through the ground level doors on the south end of RIMAC field.
2. Canyon View Recreation Center across the street from Warren Field.

In order to shower at our facilities, you will need to **present a student ID**.

Bagels, bagel accessories, bananas and water refill stations will be provided at all fields. However, please refrain from eating on any turf fields.

There is no designated snack bar, but there is a smoothie bar above the RIMAC fields nearby along with some other on campus food options close. [The Shops at Jolla Village](#) offer plenty of options.

Schedule:

The pools and schedule:

- USAU Presidents' Day Invite: <https://play.usultimate.org/events/Presidents-Day-Invite-2025/>
*Womens' Pool C is glitching right now on the website, but the schedule should be clear enough.

Pres Day is unique in the fact that it is a 3-day tournament. There are many ways to go about this and we try each year to optimize for the best format. This year, we decided to spice things up a bit and try something new with pool play! We look forward to seeing how it all plays out.

To maximize game diversity and to create more opportunity for teams to make quarters, we have created a unique tournament structure: **SATURDAY and SUNDAY RECORDS will be combined to determine which top two teams from each SUNDAY POOL go to QUARTERS.** Fun right?

- **Saturday Pools:**
 - Pools were created based off of recent analysis and to maximize out of region matchups

2025 Presidents' Day Invitational Tournament

- **Sunday Pool Reshuffle**
 - Generated from a shuffled pattern
- **Sunday Quarters**
 - The top two teams from each Sunday pool with the best overall record across Saturday and Sunday
 - The position 3 of each Sunday pool will go to the 9th place bracket
 - the position 4 of each pool will go to the 13th place Bracket
- **Monday**
 - Semis and Finals for all places

NOTE: Sometimes you may have a game at one field and then need to switch locations during a bye. Be prepared.

****Half time cap will NOT be implemented during this tournament.**

****Time between games is tight, yes, this is because sport clubs can only have fields reserved for so long each day. Please make haste between games for your next field assignment. We appreciate your cooperation. If you think, "it is wild that we have to move fields so much," know that we feel for you and we tried our best to limit movement considering streamed games. Thanks all!**

Field Safety Notes:

Space is very limited and there have already been some serious accidents this year with folks getting in the way and/or blindsided while standing in tight spaces. So while we work to mitigate safety risks by changing field layout, we ask that you please help us out so we don't have to police this:

-Warmup space will be limited. Please share space where able and try to vacate fields asap after games have finished.

-Please do not drop equipment in tight spaces. This leaves no place for folks to stand/walk without going onto fields. Equipment needs to be not only behind "player lines" but also behind "equipment lines".

-Some fields have almost no space between them. Please work hard to limit non-playing folks in this space, with the safest being no folks.

-When standing on the sideline, please keep at least a few steps back to maximize effective play area and exciting plays—like toe-in dives, curved out/in throws, etc. It also allows our dedicated fans, parents, and media to be able to see and appreciate all our actions better!

2025 Presidents' Day Invitational Tournament

-Unfortunately, bigger things like tables, tents, chairs, coolers, blow-ups, etc., should be kept only in the most open spaces which are limited and at the perimeter of the complexes.

Waivers:

Please turn in waivers **before** the start of your first round on Saturday. Don't make us hunt you down! You can email your completed waiver to allane@ucsd.edu

Waiver: <https://recreation.ucsd.edu/wp-content/uploads/2016/06/VISITING-TEAM-WAIVER.pdf>

Observers:

We have observers who will be graciously offering their time this weekend to help support spirited games. We actually have 10 this year which is incredible! A majority of our observers this year are **multi-nationals caliber Observers** so teams will be getting the same treatment they would at Nationals!

Jessica Liu
Alan Baggish
Tyler Nelson
Brian Bradburn
Linda Kudo
Jack Sarles
Keith Temple
Justin Cheng
Brad Smith,
Paul Otto

PLEASE show them your utmost respect throughout the weekend as they are out here to support you all and the sport of Ultimate. We are so grateful for their time!

If you would like your game to be observed, please direct message Observer Burn (206-295-1870) with the following information.

- Round time and field (Ex: 1:30 PM, Field 13)
