Presenter Information

Presenter(s): Missy Paden

Organization: Streetsboro City Schools

I have worked at the Streetsboro City Schools for 18 years as both a Kindergarten and First Grade Teacher! This year along with my First Grade Classroom, I will be the Technology Aide for my building (Pre-k-3rd grade) where I will help facilitate, encourage, and support my colleagues with Technology, along with collaborating with the District Technology Coach. I am Google Level 1 and 2 Certified. I have been a member of our district-wide Google 1 and 2 Cohort which supported my beginning Tech journey and inspired me to learn all that I can about successful Tech Integration in the Elementary Classroom.

Presenter(s): Dan Stitzel

Organization: Streetsboro City Schools

I have worked in the Streetsboro City Schools for 10 years as both an ELA Teacher and Technology Integration Coach. Throughout my time in Streetsboro, I have had the privilege of presenting on various topics and tools at multiple professional development sessions as well as facilitating a district-wide Google For Education Cohort. Additionally, I have had the opportunity to present at KEEP Academy, OETC, NEOTIE, SPARCC, ITIP Google Summit, and ISTE EdTech Conference on tips and tools that I have seen to be beneficial to student learning in my own classroom as well as in the classrooms of my colleagues that I get to work with daily.

Session Resources

Thank you for spending time with us and Logging in with First Grade! We have created a Wakelet for all of the session's resources, including the Google Slides presentation.
