Program Overview

- This is just **placeholder text** but this would be a great place to share some information about your vision and goals for your summer program!
- Great summer programs offer a mix of fun, engaging activities and opportunities for academic growth through hands-on learning.
- This might be an ideal place to share some examples of energizing enrichment experiences, field trips, special guests and such. Or talk about some new skills your students acquired.

Capture Your Unique Culture and Climate HERE!

This would be an area to share something about your unique culture, climate, unifying theme, etc. What do you want key stakeholders to know about your program and how it aligns with and reinforces your local context.

While this is just placeholder text (again), this would also be a great place to share some of the key partners that helped you make your program a great experience for your kids!

Try to select a mix that captures the full range of positive outcomes for participants.

Academic Growth

In this section, you can share more context on your goals for academic growth (given the limited time available during the summer program) along with some data on how students performed in Math, Reading and other areas (broader skills development like leadership or communication skills) that your community will value.

Testimonials

"Summer School 2024 was very rewarding. I liked introducing 3rd grade content to students going into that grade level. It was fun seeing them learn new things, and applying previous knowledge."

– **Summer Program Teacher**

A parent commented on how grateful they were that he was enjoying himself, and speaking out loud to the whole group. After the summer program, he decided to join a dance club at school.

– **Parent, 4th Grade Student**

"It was the best summer ever!" – **6th Grade Student**
