

Data User Advisory Group

Workshop Agenda - March 22, 2019

- 1) Changes incorporated / development based on [user feedback from February 8, 2019 Data User Advisory Group workshop](#) (15 mins)

Actions taken:

a. Graduation Initiative 2025 Dashboard

- Rename "Summary" section "Most Recent Progress"
- Add footnote where applicable "Values less than zero are denoted by "(" parentheses, while values greater than or equal to zero have no parentheses."
- Increased space under the trend graphs / above the pivot tables on the Goal Progress and Additional Graduates Needed pages
- Fixed prompt on Goal Progress page that was mistakenly configured to persist across dashboard pages
- Fixed FTFTF 6-year gauge on Overview page that had two metrics appearing by mistake
- Get rid of explanations/definitions on the Goal Progress color keys (definitions in methodology document)
- Fixes to the saved calculations for the linear path to graduation targets to accommodate new SLP session variables calculated with SDW baseline values - one analysis was wrong in production for CCC 4-year graduation after SLP session variables changed
- Simplified layout to match other four goals for the URM and Pell additional graduates needed to achieve goals analyses
- Simplified layout of Cohort Comparisons sub-page and analyses
- Update Methodology document

b. Optional Filter Prompts Redesign:

- New layout of optional filters based on user feedback from February 2019 DUAG workshop and result of vote on [options for redesign](#) sent to all DUAG members in February.
- Integrated into Degrees dashboard as a pilot for testing and feedback in today's data exploration and feedback exercise.

2) Degrees Dashboard Enhancements and New Optional Filter Layout (30 minutes):

- *Optional Filters* layout redesign
- Several *Units at Graduation* and *GPA at Graduation* metrics added
- *Number of Years to Include* prompt added to allow users to specify number of years to include in trends
- Added grouping headings to *Metric* and *Group Breakdown* dropdowns
- Concentration, CSU Major Pathway Description, Source Academic Plan, CSU Residence, Admission Basis, ADT Completion Verification Status Description, California Promise, Degree Major Number, Number of Majors at Degree, Title 5 Conferral By Pres Action, Dependency, Current Athletics Participant Flag, NCAA Eligibility Flag added to optional filters and group breakdowns
- Matriculation Term added to optional filters
- Added note re: "Unspecified" major concentration

- Recoloring title headings to differentiate dashboard pages/analyses using different data sets (e.g. Census, filtered Census on Time to Degree and Average Units at Graduation, and Non-Census on Completions)
- **New *Time and Average Units at Graduation*** dashboard page

3) **Discuss resolved and new “known issues” in [Release Notes](#) (10 mins)**

4) **IAR Data Glossary** - under development - currently drafting definitions

- Will begin reaching out to data owners beginning next week for help verifying and fine-tuning definitions

5) **Next session - Friday, May 3, 2019, 10:00 AM - 12:00 PM** - Heron Hall (Building 18) - Room 156

6) **Hands-on Data Exploration Exercise and Feedback (60 mins)**

- a. Complete the [Data Exploration Exercise](#) (Degrees Dashboard) (*Paper handout provided in workshop. If completing on your own time, you may wish to print this out or display on a second monitor.*)
- b. Submit your the answers to questions and feedback via the [Google Form](#).

Feedback, Responses, and Actions Taken:
