

The Brimstone Spike, +3

(from "Demons; Denizens of Verekna" by Role Aids. XP and GP values by DM Superelf.)

Furikaltareth fights with the Brimstone Spike, a spear crafted in the pits of the Infernus. It is a +3 weapon that does 5-15 (2d6+3) damage in melee combat. Twice a turn it can also be hurled as far as the wielder can see, exploding like a *fireball* for 5-60 (5d12) damage, reappearing in the wielder's hand on the following round.
