

Goal:

Get a \$1000 deal by landing a client. My deadline is Wed, Sept 11, 2024.

What it takes to get there:

- Get a client by outreaching and cold callings i will give myself to land a client only 4 days
- Create a plan to make him/her 6 to 7k for her/him

What are the objectives on the way:

- My biggest objective is to match my time zone with the countries that i do cold calls with and manage my relationship with them because it's my first client
- Also, how to manage time between writing the copy asking for review, and meeting the client deadline and market research and top player analysis
