EDUCATION

Lyceum of the Philippines University - Cavite | General Trias, Cavite — Aug 2023 - June 2027
Bachelor of Science in Computer Science — GWA: 1.32
AI Hackathon Champion | Resident Scholar | DOST Merit Scholar

INTERNSHIP EXPERIENCE

DSV Global Business Services | 8912 Asean Ave. Paranaque, Metro Manila — July 2026 - Sept. 2026
L2 Global IT Platform Operations Center Intern

- Supported enterprise backup and security operations during a three-month internship, including backup monitoring, incident documentation, and server troubleshooting using Commvault and ServiceNow. Contributed to an Application ID and server-tagging project covering an inventory of 19,000+ servers, alongside server decommissioning and security-agent checks.

WORK EXPERIENCE

MasterSoft | LPU - Cavite
Technical Student Manager — July 2025 - August 2025

- Assisted students in transitioning to a new student portal by troubleshooting account issues, resolving system-related concerns, and providing guidance on platform navigation and enrollment processes.

Center for Lifelong Learning and Digital Education | LPU - Cavite
Student Assistant — June 2025 - July 2025

- Collaborated with a development team to design and implement a custom database system that streamlined administrative workflows and optimized classroom scheduling across eight colleges.

PROJECTS

PirateHook | *LLMs, n8n, IMAP, Regex* — April, 2026
Lead Researcher & Presenter

- Championed the iSite National AI Hackathon with an automated system that intercepts, analyzes, and flags phishing and smishing attacks in real-time.

FarmerAide | *Python, React.js, TypeScript, Tailwind CSS* — May, 2026
Team Leader, Full-Stack Developer & ML Specialist

- Led the development of a custom ML-driven crop disease identification and automated diagnostic advisory system for smallholder farmers.

APA — Alert Precinct Assistant | *OpenAI API, PHP, MySQL, CSS* — May, 2026
Full-Stack Developer & AI Integration Specialist

- Built an intelligent assistant for law enforcement featuring geo-tagging, automated incident logging, and AI-driven report summarization.

PIRASO | *TypeScript, React.js, MySQL, Supabase* — October, 2025
Lead Researcher & Business Pitcher

- Developed a visual, no-code data management platform for Filipino MSMEs that simplifies Excel and SQL into drag-and-drop blocks for inventory tracking during the Byte Forward 2025 Hackathon.

LEADERSHIP EXPERIENCE

CCS Student Government | LPU - Cavite — May 2025 - June 2026
President

- Led cross-functional teams in planning and executing campus-wide initiatives, coordinating stakeholders, managing project timelines, and securing external technology sponsorships.

COECSA Student Government | LPU - Cavite — August 2024 - June 2025
Head of Secretariat Committee

- Managed organizational documentation, authored reports and publications, coordinated committee communications, and delegated responsibilities to ensure timely completion of deliverables.

ADDITIONAL

Certifications: Certiport IT Specialist - Software Development | Certiport IT Specialist - Python | Certiport IT Specialist - Databases
