

[wet noises fade in // sniffing // footsteps // chuckle] Well what are my eyes showing me?...No, no, keep touching yourself, “alpha”. **[chuckle]** Could smell your rut the second I opened the door. Stinking up the entire place with that amber and mahogany smell, it’s like you’re trying to attract a mate or something. Would mistake you for a beta or worse, an omega, if I didn’t know any better. Though, you would probably like that, wouldn’t you? Already love how it feels to bend over and take a real alpha’s cock, not that sweet little thing you’re packing. **[chuckle]** Rubbing it just like you would a clit, perfect for sucking on and rolling between my lips but it’s not like I’m ever going to choke or gag on it. Barely makes it past the first row of teeth, there’s no real point in you even having it. **[chuckle]** Scenting the air, catching hints of my scent curling with yours, you let out a whine. Sounds so pathetic, just like a bitch in heat. I don’t know if I would even be able to call what you are experiencing a rut considering how pitiful you are, rocking against your own hand. Are you sure you’re not an omega?

...I’m not so sure with how your scent is filling the air. Only a few hours into your rut and you’re already so far gone, mindlessly chasing your own pleasure with that hand of yours. Didn’t try to use a fleshlight because that’s not what you like. If you wanted an omega to bury your cock inside you would have just hired one of those rut help workers. But that’s not for you. You’ve always had unusual interests. It’s why you share a space with an alpha, why you are so familiar with how a knot feels. You might have presented one way but you certainly act another. You might have the others in your life fooled but not me. I know what you really are. You’re not some alpha who is in control, no, you’re more like the bitches other alphas fuck. It’s how you met me in the first place, wasn’t it? Pretending to be an omega so that you could get a knot in your hole, thinking a stranger like me wouldn’t notice that you used fake omega hormones in your already prepped hole. Do you think anyone with self respect would do something like that?

...You never did have that. It’s why you’re fucking your own hand in the midst of your rut. Maybe I should call it a heat considering you’re desperate to be knotted, aren’t you?...Can pretend that you are better than omega, that you have more self control, but deep down, we both know it’s a lie. You’re just as desperate if not worse than someone in heat. Only caring about your own pleasure, your own cock, your hand grips tighter as you let out a whine. Looking up at me from your spot on the floor, it’s almost enough to make you bust on the spot, you’re so close. You’ve been at this for hours, haven’t you?...And have you even been able to cum once?...Poor pathetic little bitch, it’s a good thing a real alpha is here. Now you can be taken care of properly. **[chuckle]** Stop touching yourself, “alpha”.

[wet noises fade out] You'll get relief in a second, just need to make sure that you can actually take me. Have you stuck anything inside yourself today?...Get on the bed, face down, ass up, present for me. Going to show me that you have what it takes to be a good omega and maybe I'll consider bitching you. **[shuffle]** Not even hesitating, you get into presentation, showing off that tight hole of yours. Fluttering around nothing, practically begging for me to stick a finger inside, **[sniff // footsteps]** as I get closer, I can smell how hard you are. So fucking turned on, so far gone to your rut, your cock leaks all over the sheets. Making a wet mess underneath you, you're really no better than omega. Rut, heat, what's the difference? You turn into a desperate knotslut either way. The only thing that's going to make you cum is my knot locking inside you, breeding you full. You want to be an omega so fucking badly. Wish you could get bred up on my knot and everything. Maybe if I fuck you enough times during this rut, the bitching will start to take anyways. It's not like you would be upset with it, right?

... **[chuckle // wet noises start]** Considering how you moaned as my finger slid inside, you certainly wouldn't. Slowly moving the finger in and out, getting you used to the sensation, you feel yourself relax for the first time today. Stroking your cock just wasn't doing it for you, you need something more, need to be filled. You're too much of an anal addict for your own good. Now that you have something inside you, you feel like you can breath again, don't you?...You love how it feels to have my cock in your ass too fucking much. A real alpha wouldn't even consider sticking something inside them like that. Would know that their pleasure comes from their cock, from the knot that is meant to lock inside a pretty omega. You on the other hand, you seem to think your pleasure comes from asshole. Love to take it like a good bitch, don't you?

...Moaning out your yes as you cant your hips, trying to take the finger deeper inside, you feel a second finger join in. Not stopping, just continuing to slide along. You don't need a second to adjust. Getting you ready for my cock quick and dirty, just how you need it. Maybe if you were an omega I would go slow with you, take my time opening you up, using my tongue, making sure you felt good, but you're an alpha. You can take it. It's why I have a preference for other alphas. Don't have to worry about being delicate with you, can open you as quick and rough as I need. My own cock grows harder as your hole flutters around me, trying to keep it inside. Look so fucking good like this, like a real slut, showing off where I'm going to be sticking my cock. Going to add the third finger now. Don't complain, I know you can handle it. You're going to make alpha proud, slut. Don't need to add a fourth one though, this should be stretched out enough for my knot. Three fingers and you're good to go, right?

...Moving your hips as a response, the words die on your lips. Unable to get them out, your cock continues to leak onto the bed. Making such a mess, you're so wet for me. Love how it feels to have your asshole played with and opened. The three fingers scissoring inside you, making sure you have what it takes to take my knot. As you touched yourself, this is what you were imagining. You didn't picture yourself balls deep in my asshole, fucking me, listening to me beg you to breed me. You didn't imagine some big eyed omega on their knees sucking your cock and begging for you to knot their mouth. No. What you imagined was this. Bending over and sticking your ass out, offering your fuckhole to your real alpha because you don't have what it takes. You might have the cock and the knot but that doesn't make you an alpha. That just shows you go into rut. What makes you an alpha is in your head, your mentality, and you don't have that. You're just a knotslut, aren't you?

...**[wet noises stop]** With that, you feel my fingers pulling out of your tight hole. Whining at the loss, only proving my point, you feel me climb behind you. **[shuffle]** My weight is warm and steady as I lift up my skirt. You might be naked but I don't need to be undressed to take care of you. You'll take my knot just like this, with my clothes still on and you as naked as a slut should be. Don't even have the forethought to be self conscious about it because you feel the tip of my cock just outside your entrance. So close to getting what you want, to getting that relief, you feel your own knot throb at the thought. Bet I could make you pop that knot without you ever entering me. An alpha wouldn't be able to do that but a bitch could. Should I try it?

...**[wet noises start]** My hips enter you instantly, starting to move without giving you a second to adjust. Don't need to worry about that when you're in rut like this. Going to fuck you until I knot you, breeding this fuckhole of yours. Going to fill you until you are bursting with cum. It's the only thing that is going to take the edge off your rut, isn't it?...Other alphas like to knot omegas, like to find relief in their own hands, really anything to get their cum out as fast as possible. But not you. You're too much of an anal addict. Love how it feels to have a cock fucking in and out of you, stretching out your tight hole. Like this, you can bury your face into the sheets and hide how good you're feeling. I doubt the neighbors don't know you're in rut by now. If it wasn't obvious from the pathetic little grunts and pants I heard when I coming into the room, the smell of the two of us is going to give it away. You're filling up this entire room with your arousal, "alpha". **[chuckle]** It only gets me harder, knot letting out a subtle pulse of pleasure. That's it, be a good slut and take every inch of my cock, you're going to cum just like this, aren't you? I don't even need to touch you for you to cum, huh?

...Really think you might be an omega considering what a knotslut you are. The only alpha I know who is able to cum on a knot. Must have trained your body to do that. Either that or it's just more proof you presented wrong, that you were supposed to be born an omega. An eager little slut with a wet hole that is perfect for fucking and knotting. Ngh, going to feel so much better once you're bred up. You're going to feel my knot lock inside your ass, going to pump you full of cum, and you're going to finally get that relief you need. Your own knot is going to pop, you're going to paint yourself with your own cum. It's going to be the relief you need, so keep going, keep taking my cock, just like that. Nice and deep, how you need it, right?...You feel me leaning over your back, my covered breasts against your bare skin as my mouth is right by your neck. **[peppered kisses]** Kisses and bites being peppered over the sensitive area...Listen to that moan as I sink my teeth in. You want to be claimed so badly, don't you?

...Want to bare your neck to me like a pretty little omega and feel my teeth pierce the skin. Want to show off your mark to anyone who will see, show that you're an owned and mated alpha. That you happily gave up your status as someone independent in this world to become someone's mate. Most people would say it's crazy but they don't know you, don't know what a bitch you are. You are your happiest like this. Ass split open on my cock as one of my hands reaches around and starts to stroke you. Not in time with the thrusts, no, something slow, deliberate, almost torturous. You clench your eyes and whine, trying to rock into the sensation, to get more friction, but it's just not working. It's alright, knotslut. Alpha's making this easier, making it even better for you. You should say thank you for caring so much about your pleasure. Should I go back to ignoring your cock?

...I didn't think so. It feels good to have my soft hands wrapped around the sensitive part. Feeling my fingers stroke the small length as my cock fucks into you. Feeling your cock in my hand, and using my cock to fuck you, it shows me what a real cock feels like. It's really cute that you thought you could ever pass something like this off as anything other than a beta cock. Sure, you might have presented as alpha but it wasn't fitting, not for a knotslut like you. This is your place, bent over and taking it from someone who actually knows how to use it. Your cock never did you much good to begin with. No wonder you prefer when I fuck your ass. It must feel so much better, you can actually last longer and make your partner happy. Always thinking with your cock and knot, the second you discovered how good it felt to have a knot inside you, it switched to thinking with your hole. An desperate alpha with an omegas interest, you're fucking perfect, slut. All mine to fuck and use as I please, right?

...Can feel how your knot throbbed at that, always feels good to let alpha use your body how she sees fit. It's not like you were able to get yourself close like this anyways. You weren't even close when I came in and saw you masturbating. All sad and pathetic, rubbing your cock like a clit, imagining that it was a heat you were experiencing and not a rut. With how you were touching yourself, it was almost like you were trying to bitch yourself. To deny yourself the ultimate pleasure, to drag your rut out as long as possible. So far gone to your own pleasure, all you can do is weakly rock your hips as you try to take it deeper, try to help alpha out. It's just so much work for an anal addict like yourself. Don't worry, going to fill your ass up. Going to breed you full of alpha cum, just how you need it. Luckily you're not an omega so I don't have to worry about knocking you up. Only about bitching you, right?

...That wouldn't be such a bad thing for a knotslut like you. I mean, it's not like you have what it takes to be an alpha. No self respecting alpha would have their knot getting thicker the more another alpha's knot grows inside them. Every thrust stretching your hole out just a little bit more, it's getting harder to ignore your own pleasure. Your cock, your asshole, it's all demanding your attention as you get closer. Going to cum on my knot like a good bitch, aren't you?...Going to show me what a good knotslut you are. That you need to be fucked in the ass to cum. There's no pleasure if you aren't full. Ngh, so much of anal addict, you don't care who is fucking you, as long as you get a knot. Well lucky for you, ngh, I can't hold back. You feel to fucking good. Knot getting thicker, I know you feel it too. Why don't you show me what a good slut you can be? Cum on alpha's knot, bitch. If you need some relief, now's your chance. Not going to say it again. Let go, slut. Cum with m-[adlib mutual orgasms] Mmm, you feel better with a knot plugging up your ass, don't you?

...Actually got to cum. All that fucking your hand was for nothing because what you needed was a thick knot breeding your ass, huh?...It's okay, you're just a little knotslut. Especially during rut, you can't help yourself. Your body needs what it needs. It's okay, I've got you. I'm right here. Once my knot goes down, depending on what you need, we can go for another round or I can plug you up with a real plug and cuddle. You don't have to make a decision right now, just enjoy the moment. It's a rare moment of peace during your rut, enjoy it. Every few seconds my knot pumps another load of warm cum inside you, painting your inner walls, calming the rage you feel inside you. Despite just having cum, your cock is already starting to perk up again. [chuckle] Poor little slut, can't even stay soft for a minute or two. You're further into your rut than I thought, aren't you?

...Think you're going to be spending most of tomorrow riding me, taking knot after knot. Who needs an omega in heat when I've got you. So much better than omega, I love you so much. **[kiss]** Pressing kisses along your back, you relax into the mattress underneath us. Feeling my weight settle against your back, you let out a happy noise. The steady pressure as I practically crush you underneath me. **[chuckle]** Always did love how it felt when I laid on top of you like this. Smelling my scent, letting the pheromones of being with the one you love most calm you down, you feel your instincts starting to come down. You got what you needed, it's alright. I'm right here. I'm not leaving your side during rut. I'm your wife. I'm going to take care of you and give you as my knot as you need. You're the love of my life, all you have to do is ask for something and I'll happily give it to you. I wish you had texted me while I was at work that you were experiencing this so I could have helped you out sooner but I also know how stubborn you are. You thought you were going to be able to ride out your rut before I even got home, didn't you?

...Yeah, that never works. I know that better than anyone considering the amount of times you've tried to "help me" through my rut by riding me until you can't move. That just ends with me wanting another round and your asshole all sore and puffy. I don't want to hurt you during your rut, I want to make you feel good. So you like what omegas like, who cares? We have found a fun middle ground to play into your kink but I also get to acknowledge you are my spouse afterwards. If I wanted an omega or a bitched alpha, I would have one but I don't. I want you, just as you are. The way you sing things when you're happy or how you will steal MY blankets specifically when you're cold because they smell like me. I love the noises you make when you are trying something new for the first time and you just fell in love with the bite or the way you let out little snores when you INSIST you aren't falling asleep despite your shut eyes. I love you just as you are. There's nothing you need to change or feel bad about. You're special, you're my alpha and I'm yours. We don't need anyone else but each other. You're my heart and there's nothing that is going to change that. Just like the earth keeps spinning, I'm always going to love you. **[kiss]**
