

Professionally Installed Concrete Floor Coating

Benefits:

- **Textured Surface:** This unique orange-peel texture and anti-slip surface provides additional protection in wet areas such as driveways, pool deck areas, garages and patios.
- **Durability:** Your new flooring will hold up to the toughest applications. It is resistant to chemicals, abrasions, UV rays, and impact.
- **Easy Maintenance:** Concrete coatings are 100% antibacterial and antimicrobial. Your new floors will require very little maintenance to keep them looking brand new.
- **Fast Installation:** We will work with you to get your surface floor coating ready for use in just 24 hours. We know your time is valuable.
- **Stylish Colors:** Choose from a variety of unique chip colors to design a custom look that complements your home's style.
- **Capital Improvement:**
- **Impressive Warranty:** Our residential applications include a 15-year warranty.
