You guys, my friend and colleague @jeanpullen_ wrote a best selling book, and it's so cool! Jean provides insights informed by her journey from corporate finance to environmentalism and shares how you can:

- apply principles of regeneration
- diversify your income
- grow your way out of crisis
- nurture the earth
- live holistically and passionately

@RegenerateYourReality uses permaculture, agroforestry, and education to bring sovereignty and happiness to our communities. I love their

mission of restoring the relationship between humans and the earth and building a regenerative present. Check it out here:

Ideas for Social Media Posts and Emails:

Of course, the best is your OWN words but just in case you need some help with the end of your caption:

Long:

Hello _____,

My friend Jean Pullen wrote an amazing best selling book:

Regenerate Your Reality: Your Guide to Regenerative Living, Happiness, Love & Sovereignty.

At the age of twenty-eight, Jean Pullen left a successful career to redesign her life and discover a world of true abundance and fulfilled potential. In *Regenerate Your Reality: Your Guide to Regenerative Living, Happiness, Love & Sovereignty*, Jean provides insights informed by her journey from corporate finance to environmentalism and shares how you can:

- apply principles of regeneration
- diversify your income
- grow your way out of crisis

- nurture the earth
- live holistically and passionately

Throughout, Jean reminds us that positive action, just like regeneration, takes many forms. *Regenerate Your Reality* will plant a seed of restoration in your path and remind you that we are all forces of nature.

A portion of the proceeds will benefit the planting of three trees with each book purchased. To learn more, visit [regenerateyourreality.com/takeaction](https://www.regenerateyourreality.com/takeaction)
