Botanical Garden

Final award for the passage of four Original labyrinths. Second opportunity was Tiger Mines III (choice in the Super Prize), and the third opportunity was from Soft Peak Woods.

32000 = 7000 + 2000 + 3000 + 5000 + 5000 + 5000 + 500

Stages of construction:

1. 50  + 10  + 10 
2. 10  + 10  + 10 
3. 10  + 50  + 50 

Upgrade:

4. 100  + 10  + 30 

$$5. \ 5 \text{  + 10 \text{  + 3 \text{ $$

$$6. \ 10 \text{  + 5 \text{  + 5 \text{ $$

Create:

$$20 \text{  = 30 \text{  + 1 \text{ $$

$$100 \text{  = 70 \text{  + 5 \text{ $$

Made in oil refinery:

$$10 \text{  = 1 \text{  + 50 \text{ $$

Description:

The Botanical Garden allows you to grow a huge number of fruit trees and it is easy to collect products from them.

To use the Fertilizer you must have the Mineral Water made.

1 fertilizer per tree.

The WigWam will collect with other "Factories".

If you have a full Botanical, that has been completely upgraded to 8 slots, you can place up to 120 trees max. 120 trees, doesn't matter which ones, it will require 360 regular water to grow to adult and 12000 mineral water to grow to gold. 12000 Mineral water requires 600 Carbon Dioxide.
