

GUIDANCE DOCUMENT

RRING Summit on the Future of Socially Responsible Research and Innovation

19. and 20. April 2021

10.00 – 17.00 CEST

Day one

Morning session - Start 10:00 CEST

19. 04. 2021

10:00 – 10:45

On screen – Welcome to RRING Summit (slide 1)

Welcome | Gordon Dalton (RRING project coordinator) – Session Chair;

Tour de table (Introduce Graham and Rachel)

5 min no PPT – general welcome, short description of RRING project one sentence or two on emerging RRING Community

RRING global community – structure and benefits

Introduction to RRING community | Gordon Dalton (RRING Project Coordinator) – **10 min Gordon PPT screen share** – talk on structure of the community and what community offers without mentioning 9 trial

countries (This will be covered by Graham) and no talk on membership drive (Talk by Rachel)

Gordon to handover the floor to Graham

RRING Community trial and experience | Graham Lynch (RRING D&C)

15 min PPT screen share

9 trial countries, first two workshops-summary of workshop theme and feedback of participants. Testimonials...

Gordon to handover to Rachel

RRING membership | Rachel Newton – 10 min PPT Screen share

What is future membership drive, how to join, why to join - presentation on future event, how members of community can give their feed back to preselect events (or similar)

Q&A – Emma Day to collect questions; Chair can ask for questions if there is time left

Gordon to hand over and announce chair of next session

10:45 – 11:30

Panel session (Clare Viney) (Chair) on screen Slide with panelists
Networks – why are they important, how the RRING network fits in

5 min – Tour de table (Announced by chair)

Chair to Hand over to Emma for Mentimeter question – come back to panel; results of mentimeter can be shown at any point during the panel – chair requests the results

Clare Viney | Vitae UK, Panel Chair

Emma Day | Vitae UK

Rosarii Griffin | University College Cork; ICORSA; Irish RSA;

Ewelina Pabjańczyk-Wlazło President of Solvo Group - Academic Services Center

María Cortés Puch | Sustainable Development Solutions Network

Hannah Moersberger | Future Earth

Rajesh Tandon | PRIA - Participatory Research In Asia; UNECO Chair
Linda Lahleh | Association Nationale des Docteurs (ANDès)

The session aims to bring benefits of networks and why someone should join the network using existing successful examples. How does RRING community fits in the world of networks.

Guiding questions:

1. What makes a network a successful network?
2. How do we measure success of a network?
3. What are the best practices for network members to engage?
4. What are the best practices for a network working as a service for its members?
5. What is the niche that RRING network fits in?

Mentimeter question: What makes a network a successful network? (free text) **word cloud**

Q&A – Emma Day to collect questions; Chair can ask for questions if there is time left

Chair to announce the coffee break and when we are returning to the session.

11:30 – 11:45

Coffee break . On screen RRING Community video - transition to slide how to join

11:45 – 13:15

195 Governments' agreement on socially responsible research and innovation – introduction to the RSSR

John Crowley Chair – introduce Alex and Eric on screen slide with Session name and speakers.

Alex Gerber – HSRW | Brief summary on RRI (10 min screen share presentation)

John Crowley | UNESCO (confirmed) – introduction to RSSR (10 min screen share presentation)

Eric Jensen | ICORSA (International Consortium of Research Staff Associations) – measurements for Countries use of RSSR; How do you track progress (10 min screen share presentation)

John Crowley to announce the panel session – Tour de table

12:15 – 13:15

Panel session (John Crowley chair – TBC) – Tour de table on screen panel title and panelists

Chair to Hand over to Emma for Mentimeter question – and go back to panel, while audiences answer the question; later during panel request the mentimeter responses to be shown Emma shares the screen

How does RRING Community fits into this scheme?

John Crowley | Panel chair; UNESCO

Lucian Brujan | Program Director Science diplomacy and International Scientific Relationships; German National Academy of Sciences Leopoldina,

Representative | **AAAS - American Association for the Advancement of Science**

Guiding questions:

1. What role does science/scientists have in governance and policy?
2. How does RRING Community fits into RSSR reporting?
3. Top-down approach – what it means – emergence of RRING Observatory?

Mentimeter question: Does science have a significant role in decision making globally? (YES NO DEPENDS ON REGION) – agreement 1-5?

Q&A – Emma Day to collect questions; Chair can ask for questions if there is time left

Chair announces lunch break and time when afternoon session starts

13:00 – 14:00

Lunch break – on screen Slide with how to join RRING Community/ Welcome to RRING Summit - loop

Day one

19. 04. 2021 Afternoon session - Start 14:00 CEST

14:00 – 15:00

Presentation - RRING Case studies on the 4 year RSSR reports submitted to UNESCO (Gordon Dalton Chair)

Tour de table –

Lithuania Case study: Reda Cimmperman | Research Council of Lithuania (Confirmed) – Screen share PPT 15 min

Serbia Case study: Lale Erić | Centar za Promociju Nauke; Serbia (TBC) – Screen share PPT 15 min

South Africa Case study: Bafedile and Duduzile | NRF; South Africa (Confirmed) – Screen share PPT 15 min

AAAS case study: Jessica | AAAS; USA (Confirmed) – Screen share PPT 15 min

John Crowley UNESCO to answer any questions related o RSSR Reporting.

All case studies give presentation on their road map how they prepared the report (The process), issues encountered, gaps, recommendations.

Chair introduces additional panelists (Besides 4 case study representatives) joining the panel

15:00 – 16:00

Panel Session – Discussion on the value of using RRING tools in a 4 yearly monitoring report exercise.

4 Case study representatives

Liliana Bugailiškytė-Lideikienė; UNESCO Education and Science Program Coordinator; Lithuania

ICORSA - Eric Jensen

Loreta Tauginienė | Office of the Ombudsperson for Academic Ethics and Procedures, Lithuania

Guiding questions:

1. How do we see RRI in next 5 years, what advances can be expected?
2. What are setbacks in future of RRI?
3. How can RRING Community be used for RRI in future?
4. How will all projects work together in near future for a common goal (Is there a common goal?)

Q&A – Emma Day to collect questions; Chair can ask for questions if there is time left

16:00

Closing remarks – Gordon closes the meeting for the day, invites participants to join us next day

AGENDA

RRING CLOSING EVENT

19. and 20. April 2021

10.00 – 17.00 CEST

Day two

Morning session - Start 10:00 CEST

20. 04. 2021

**09:00 –
10:15**

Understanding the global diversity of making research and innovation more responsible: Principles, policies, and practices

Welcome | Gordon Dalton (RRING project coordinator) – Chair

Tour de table – on screen session title and speakers.

Theoretical and global contexts of 'RRI' | Alexander Gerber (HSRW) – 25 min - on screen share PPT

Gordon to announce RRING Findings on global survey

RRING research findings from around the world. Our "Global research on socially responsible research and innovation: RRING's findings" |

Chris Foulds | Anglia Ruskin University - 15 min min - on screen share PPT – talk on WP3 results.

Xiaoyue Tan | EUR - 15 min on screen share PPT (D4.1.) – talk on comparative analysis across 5 geographies.

Eric Jensen | ICORSA – 15 min on screen share PPT (Talk on D4.2.)

Guiding questions

1. World is agreeing that all RRI pillars are necessary?
2. What are the surprising outliers?

Chair announces the Panel

10:15 –
11:00

Panel – (Gordon Dalton, Chair) on screen session title and panelists

Tour de table; introduction of mentimeter – Chair to Hand over to Emma for Mentimeter question – later during panel chair requests to see the answers. Emma shares the screen

Hub Zwart | EUR

Alexander Gerber | HSRW

Vincent Blok | WUR

Ines Sanchez | UPM (to talk about convergence on gender equality globally)
20 min

Guiding questions

1. Is the European concept of RRI appropriate or is it still considered as neo-colonial?
2. Do the results from the survey indicate high degree of acceptance of RRI (Hub to answer)
3. Is this expected or surprising considering previous project (lack of convergence), what is changed?

11:00 -
12:00

Mapping RSSR to SDG-

Achim Rosemann Chair DMU (10 min presentation)

Chair – Tour de table of panelists

Panel session “Are the SDG enhanced by RSSR mapping.”

Achim Rosemann | Chair; De Montfort University (Confirmed)

Kutoma Wakunuma | De Montfort University (Confirmed)

Konstantinos Tararas (TBC) UNESCO

Mathieu Denis | Science Council (Confirmed)

Niharika Kaul | PRIA (Confirmed)

Guiding questions:

1. Are SDGs enhanced by RSSR mapping (research from RRING)?
2. Examples on SDG enhancements (Research from RRING)?
3. If the SDGs are enhanced by this mapping, how can this work be implemented and disseminated (Maria and Mathieu)

5 min Q&A – Proposal: to make available for participants to post questions and 5 min of the session to be devoted to answering at least some of them.

Chair announces coffee break and time of next session

12:00 –
12:15

Coffee break

12:15 –
13:15

Competitive Advantage of RRI for Industry- Presentation of findings of WP5-

Vincent Blok – welcome back; introduction and **15 min on screen – share PPT**

Panel session on screen PPT slide with panel structure and title

Tour de table; Chair to Hand over to Emma for Mentimeter question

Chair to Hand over to Emma for Mentimeter question – later during panel chair requests to see the answers. Emma shares the screen

Vincent Blok | Panel Chair; Wageningen University & Research (Confirmed)

Eduardo Angosto Iñigo Alday | Deusto Business School, San Sebastian, Confirmed

Gal Weiss | IBM – International Business Machines Corporation

André Martinuzzi | Institute for Managing Sustainability; Vienna University of Economics and Business

Ines Sanchez | UPM (Competitive advantage of Gender equality in industry)

Guiding questions

1. What are the best practices that could be applicable across different industries?
2. Are there some setbacks and roadblocks for different industries to incorporate RRI?

Chair can ask for results on Mentimeter question in any point during the discussion

Mentimeter question: What advantages brings RRI in Industry (FREE TEXT)
word cloud

5 min Q&A if there is time

Chair announces Lunch break and time of next session

**13:15 –
14:00**

Lunch break

Day two

Afternoon session - Start 14:00 CEST

20. 04. 2021

14:00 – 15:30 **John Crowley Chair – welcome back; introduction and tour de table**
Short intro to RSSR – John Crowley on screen PPT slide with panel structure and title

Panel session

RSSR as a new global framework (Chair: John Crowley; UNESCO)

Eric Jensen | ICORSA (Confirmed)

Hub Zwart | Erasmus University of Rotterdam (Confirmed)

Linden Farrer | European Commission (TBC)

Government representative | South Africa (TBD)

Government representative | USA (TBD)

Miyoko Watanabe | Japan (Confirmed)

Mathieu Denis | International Science Council (Confirmed)

Guiding questions:

1. Why should RSSR be a global framework?
2. Is EC recognizing RSSR as new global framework?
3. D6.1. indicates that RPOs use SDGs as basis for their strategy; could RPOs use RSSR also (Hub)?
4. Based on the learning of WP4 and variation of RRI globally are there improvements to the MORRI indicators (Eric)?

5 min Q&A – if there is time

Chair announces coffee break and time of next session

15:30 – 15:15 **Coffee break**

15:15 – 16:30 **Gordon Dalton Chair**

Joint panel session (Current active RRI projects in H2020)

Where does RRI fits in future?

Gordon Dalton | RRING Project; Chair – Tour de table on screen Panel session title and name of the projects, followed by one slide on each project during their intro

Michaela Bertero | ORION (Confirmed) – 5 min introduction on the project

Olga Glumac | SISCODE (Confirmed) – 5 min introduction on the project

Tjitske Holtrop | SUPERMORRI (Confirmed) – 5 min introduction on the project

Stefan Philipp | CHERRIES (Confirmed) – 5 min introduction on the project

Nhien Nguyen | SeeRRI (Confirmed) – 5 min introduction on the project

Chair to Hand over to Emma for Mentimeter question – later during panel chair requests to see the answers. Emma shares the screen

Mentimeter question: How would you define successful responsible innovation? (FREE TEXT) – word cloud

Guiding questions:

5. How do we see RRI in next 5 years, what advances can be expected?
6. What are setbacks in future of RRI?
7. How can RRING Community be used for RRI in future?
8. How will all projects work together in near future for a common goal (Is there a common goal?)

5 min Q&A – if there is time

Closing of the event - Gordon Dalton

16:30
