PROFESSIONAL EXPERIENCE

DeeXoptions

Remote

Chief Technical Officer and Frontend Engineer (Full-Time)

December 2022 – Present

- Led frontend development across 6 platforms (Mobile, Web, Admin, Merchant, Website, OTC Desk), ensuring consistency and scalability.
- Delivered end-to-end DeeX product development, contributing to **\$50K+ revenue**.
- Built and optimized core fintech features: authentication, KYC, crypto trading (buy/sell/swap), deposits, withdrawals, gift cards, OTC & OTA transactions.
- Collaborated with cross-functional teams to ship high-impact features and improve product performance.

Celler

Remote

Frontend Developer (Full-Time)

August 2024 – August 2025

- Spearheaded the development of Celler's responsive PWA, web platform, and admin dashboard—boosting cross-platform user engagement by 25%.
- Implemented modular, scalable UI components in React.js/Next.js with TypeScript, reducing bugs and improving development velocity.
- Collaborated cross-functionally with design and backend teams to ensure feature parity and consistency across platforms.

Journey Handler

Remote

Frontend Developer (Contract)

March 2022 – September 2022

- Developed a crypto-powered travel booking platform's UI from scratch using React.js, Next.js, and TypeScript.
- Enabled seamless cross-device booking flow for crypto users, contributing to the platform's unique digital currency offering.
- Converted Figma designs into responsive, accessible UIs across mobile and desktop breakpoints.

Digital Abundance Business Academy (DABA)

Lagos, Nigeria

Frontend Developer Intern

June 2021 – 2022

- Contributed to the core e-learning platform (daba.school), implementing key pages including Login, Dashboard, and Courses.
- Ensured cross-browser compatibility and responsiveness, helping reduce user drop-off on mobile by 15%.
- Applied reusable React components, props, and event-driven architecture to improve maintainability.

EDUCATION

University of Ibadan

Ibadan, Nigeria

BSc Agricultural and Environmental Engineering

March 2018 – April 2024

- 3.01/4.0 CGPA
