

Terms of Service /
Rules for Commissions /
Things to Know

- Artwork may be either PNG or JPEG and will be DIGITAL. Not traditional. If you have a desired canvas size, please inform me!
- Please be as descriptive as you can! (Many references are greatly appreciated & may allow me to work faster!)
- I'm going to send you a **sketch** for approval before I **lineart & colour**. (I allow a total of two revisions to the sketch!) I will only start lining & colouring once paid in FULL! No refunds after lineart is given to you!
- As a standard I will be **uploading commissions onto social media** (mainly substar & twitter) (Please let me know **beforehand** if you have a preferred mention/nickname for social media OR if you prefer not to be mentioned!) (& you will be allowed to repost to any medias as long as you credit/link!)
- The artwork given to you will have my artist signature, but nowhere in your face!
- I only accept through paypal (hayden.xiieru@gmail or paypal.me/xiieru or paypal.me/justinxiieru)
- **IMPORTANT NOTE** for NSFW commissions: If an NSFW piece is requested, I will request **proof** that you aren't a minor (e.g.: a photo of you holding your ID. YOU CAN BLUR OUT EVERYTHING ELSE except your **photo**, **birthdate** and **name** for obvious reasons!) unless I actually know you! If I have any suspicions, I have the right to reject any NSFW request.
- When uploading to twitter I will put a censor on NSFW (for my own safety, but you are allowed to repost, too, w/ or w/o censor! ^^/)

Things I Will Draw:

- **1 to 2 person** artwork
- Simple Backgrounds (such as stars, snow, clouds, sheets, pillows, gradients, flower petals, pollen) or 1-3 Color Abstract Backgrounds (Please let me know if you prefer a certain background!)

Things I Will NOT Draw:

- Mech/ Mecha/ Robots/ Machines
- Complex Backgrounds

- Complex Objects such as OUTRAGEOUSLY DETAILED WEAPONS & GUNS & STUFF

Other than that, if you have any more questions, feel free to ask me through my twitter: [xiieru](#) or my gmail: [justin.xiieru](#) or [hayden.xiieru](#) !

Thank you for reading through!
