Hustle Texting Admin Best Practices

Understanding how to setup your Hustle integration, and other best practices

Make sure your data is getting back into VAN
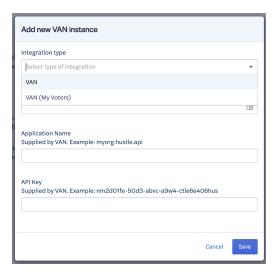

Setup VAN Integration (Only needs to be done once per Hustle account)

- [Request API Key](#)
- Select integration type (you will want to do this once per type)
    - VAN -> MyCampaign
    - VAN (My Voters) - MyVoters

- **[Here are three integrations you should ALWAYS have set up:](#)**
    - *Wrong number* - this should map to VAN Canvass Result: Result Code - Wrong number
    - *Moved* - this should map to VAN Canvass Result: Result Code - Moved
    - *Hostile* - this should map to VAN Canvass Result: Result Code - Hostile
- **Make sure you are training your volunteer texters and organizers to mark these opt-out reasons when applicable!**
- [See this Hustle Help article for more info on setting up this integration for opt-out reasons](#).
