

# LOOM – One Sheet

Book One of The Ouroboros Cycle

## SUMMARY

LOOM opens The Ouroboros Cycle, a metaphysical speculative fiction trilogy where Threads of fate, time, and identity converge. When the Weave that sustains all realities begins to unravel, two siblings—Elen and Caio—must navigate collapsing dimensions, mythic machinery, and a long-buried conflict between the forces of adaptation and control.

*"Most stories begin with light. This one begins with collapse."*
