Pros: Fast execution, easy and time-efficient revisions; ideal for clients requiring rapid, continuous content.

Cons: Often results in messy lines; typically limited to base colors with minimal shading (depending on the artist); suboptimal for print. Requests for line cleanup or additional shading are not accepted.

44

NORMAL STYLE

Pros: Polished, clean renders suitable for printing (best results are achieved if you let me know what needs to be printed beforehand so I can prepare the file); no extra charge for detailing.
Cons: Requires more time to complete; revision requests will take longer.

Commission for Fumi

TERMS OF SERVICE

PLEASE READ CAREFULLY BEFORE DM TO PROTECT YOUR OWN RIGHTS.

Strengths: Female characters, goth punk emo outfits; y2k 2000s, uniforms, modern clothing, red / pink / purple color palettes, vivid, eye-catching saturated colors, 16+ poses, etc.

Weaknesses: Male characters; historical/traditional outfits; mecha; high-detailed backgrounds; etc.

Because gradient maps are used extensively, the colors cannot perfectly match the character's original colors.

Specific background requests are accepted (free), but whether I can draw them properly depends on luck/time.
Additional normal-style character: 100% price/char.
Extra small, low-detailed chibi: + $10

The completion time is from 1 week to 1 month. I will start working when it's your turn, not immediately after payment. Waiting time depends on the number of orders and my current workload. Please be patient while I finish previous commissions. My working speed can vary, but I will meet the deadline. If any timing issues occur on my side, I will inform you and propose a solution. I will always update you on the progress and notify you when I begin your order.

For 18+ commissions: Waiting time is 2–4 months. I cannot rush these and do not accept deadlines for them. +20% on the total price. A bonus chibi artwork is included as compensation for the wait.

No trial drawings. A deposit of full payment (100%) is required before I start drawing. If the brief is not finalized yet, a $10 deposit is required to keep a slot / join the waitlist.

Payment secures your slot in the queue list. If the client cancels, the deposit is non-refundable.
No refunds after payment, whether I have started drawing or not. You may transfer your commission slot to another person.

I retain the right to use commissioned artworks for personal, non-commercial printing, and to use commissioned works with watermark as samples/portfolio. It's not necessary to add credit @heartjust4you, but do NOT claim the artwork as your own, remove credits, or use the artwork for AI training. If any of these violations are found, I will post a transaction warning and block the client permanently.

I will always post commissioned artworks, including WIPs.
If your commission needs to be posted on a specific date, you must inform me in advance.
Private commission: +50% of the total price.

Before using the artwork for any third-party-related purpose, you are REQUIRED to inform me beforehand, as additional fees may apply in certain cases.

Please provide me with a full details brief when placing your order: type of clothing, body type, pose, expression, and any other requirements.
If the request is “draw whatever you want", I will draw based on my preferences, and u can't make too many changes afterward.

When sending a brief, please send everything in one message. Do not send fragmented details. If you send multiple briefs or multiple links, an extra $5 fee will be charged. Please send images only; aside from a compiled brief link, I will not click on any other links.

Avoid changing the brief after pricing. You may still change it before I start (no fee), but I will re-quote the price and no refund will be given for any excess payment. After the sketch stage, any changes will incur additional fees depending on progress (over $10). However, I’m still open to discussing adjustments to find a fair solution.

No extra fee for revisions before final approval. Please list all requested changes at once to avoid unnecessary multiple revisions. After approval, revisions will cost from $5+, even for small changes. Please double-check carefully before confirming. You may draw directly over the artwork to indicate edits.

If you are not satisfied after the sketch stage and cancel, the artwork will not belong to you, and no refund will be issued.

Placing a commission means you agree to all the terms above.

I only accept payment via PayPal link. A screenshot is required as proof of payment.

If you have any questions, please message directly at heartjust4you, I only answer questions related to your commission.

———

Workflow

1. You send the brief, I review and provide a quote
2. You pay 100% upfront
3. I start working and adjust based on your feedback
4. Finalize the artwork, I send a Google Drive link (original file will be deleted after 1 month)

About me!

You can read this section or not, as it's not crucial to the work process.

No contact with minors; I'll be okay with acquaintances, but I'll block strangers.

Call me 44 / Yonjuushi / Shi-chan. My name means "voluntarily giving away unrequited love."

I'm also quite old, so I hope you're not too young to chat with.

I have a deep affection for only one person. I love Anko Uguisu to the point of desperate longing. I'M OBSESSED WITH HER. I want to be stabbed by her. I bark a lot, 99% of it is just rambling about Anko Uguisu and being jealous of the guys who got punched by my detective. It should have been me, not him!
