Thursday, October 17

15.00 - 16.00 [Workshop]: Sustainability- Truth and dear

Description: Come and learn about a tool that helps you explore the different skills, attitudes, and knowledge relevant to the 12 sustainability competences targeted by T4SD. The workshop will be conducted in Romanian.

Speaker:

• S.I. dr. ing Ioana Olteanu, at TUIasi, Romania

Venue:

room R02 from Faculty of Construction and Building Services, TUIași

Friday, October 18

12.00 - 13.00 [Seminar]: Appimotion: a North-East Regional Development Agency initiative to reduce carbon footprint

Description: ADR Nord-Est is a promoter of green habits and sustainable behaviors, which can also be adopted by other institutions and local and regional actors so that together we can make a difference between a polluted environment and a cleaner one, between a city where the main priority is the citizens, not the cars. The workshop will be conducted in Romanian.

Speakers:

• Lidia MOCANU and Sebastian CUPTOR, Agentia pentru Dezvoltare Regional Nord-Est (TBC)

Venue:

Building T Rectorate, Amphitheater T3

Saturday, October 19

12.00 [outdoor activity] Roots for the Future: Together we Plant Sustainability

Description: It is an outdoor activity organized as part of the INGENIUM Sustainability Week, aiming to encourage the active involvement of students and staff in environmental protection. By planting trees, participants will directly contribute to reducing the carbon footprint and improving air quality, demonstrating that every action counts in building a greener and more sustainable future.

Coordinator: TUIasi

Location: Tudor Vladimirescu Campus
