

Name: Nova

Magical Name: Magical Girl Super☆Nova

Personality: Carefree and fun-loving, Nova is usually pretty aloof. But when it comes to fighting, the gloves come off and she gets serious. Nova never backs down from a challenge, always pushing herself to overcome every obstacle in her path. She's also a big eater, being especially fond of sweets.

Mundane Appearance: A teenage girl with long brown hair and red eyes. Wears a t-shirt and jeans that look like they belong to someone twenty years older. Her knuckles have formed calluses and her hands are scarred in places.

Transformed Appearance: Nova's hair turns bright red and sticks outward wildly. Her outfit changes to a short orange sleeveless dress atop a white undershirt and white leggings. The skirt is designed to allow free movement, making it more like the sort that would be attached to a leotard than a proper dress. Nova's feet are usually bare, but she can manifest shoes similar to those used for dancing if she needs them.

While transformed, a red aura glows around Nova.

Familiar Name: Parsley-sensei

Familiar Appearance: An old man with unkempt grey hair and beard. Wears a t-shirt and jeans that look like they belong to someone twenty years younger.

Territory Name: Land of Happiness and Sugar

Territory Appearance: A small town not unlike Nova's home before it was destroyed. All of the shops have been converted into candy shops or bakeries to satisfy her sweet tooth.
