CANVAS TRAINING

Client Success Manager:
Admin Name and Email address:
Canvas URL:
Timezone: CST
Leading Training Communications: Andy King

In order to have an interactive and engaging training session, please ensure the following:
- Teachers know how to login to Canvas
- Teachers have a course to work in - preferably a sandbox
- Template applied to courses *if applicable*
- LTIs (O365, Google, etc.) used by the institution are installed and enabled

**Organizations that do not have the above components set up will receive a "demo" style session.

Cancelation Policy

We understand the need to be flexible as institutions return to classes, especially as many are working out exactly HOW those classes will look.
If you need to cancel or reschedule any training session, please fill out this form no later than ten business days before your scheduled meeting.

Any cancellations or rescheduling of a scheduled training with less than 10 business days notice will be invoiced in full for any preparation time, travel expenses when applicable, and scheduled training hours.

Canvas Foundations | 2022 Training Agendas
Canvas Beyond Foundations | 2022 Training Agendas
We will discuss these agendas during our scoping meeting.
