

THE DEPARTMENT OF MATHEMATICAL SCIENCES

MATH 661-102 (Tuesdays): Applied Statistics *Spring 2025 Course Syllabus*

NJIT Academic Integrity Code: All Students should be aware that the Department of Mathematical Sciences takes the University Code on Academic Integrity at NJIT very seriously and enforces it strictly. This means that there must not be any forms of plagiarism, i.e., copying of homework, class projects, or lab assignments, or any form of cheating in quizzes and exams. Under the University Code on Academic Integrity, students are obligated to report any such activities to the Instructor.

COURSE INFORMATION

Course Description: Role and purpose of applied statistics. Data visualization and use of statistical software used in course. Descriptive statistics, summary measures for quantitative and qualitative data, data displays. Modeling random behavior: elementary probability and some simple probability distribution models. Normal distribution. Computational statistical inference: confidence intervals and tests for means, variances, and proportions. Linear regression analysis and inference. Control charts for statistical quality control. Introduction to design of experiments and ANOVA, simple factorial design and their analysis. **MATH 661** and **MATH 663** cannot both be used toward degree credits at NJIT.

Number of Credits: 3

Prerequisites: **MATH 112**

Course-Section and Instructors:

Course-Section	Instructor
Math 661-102 (T)	Professor P. Natarajan

Office Hours for All Math Instructors: [Spring 2025 Office Hours and Emails](#)

Required Textbook:

Title	<i>Introduction to the Practice of Statistics</i>
Author	Moore, McCabe, and Craig
Edition	10th
Publisher	MacMillan Learning
ISBN #	1. E-book ISBN: 9781319377656 2. Loose-Leaf ISBN: 9781319383985 3. Paperback ISBN: 9781319244446

Other Recommended and Reference Textbooks:

- Mathematical Statistics with Applications, 2nd Edition, Kandethody Ramachandran and Chris Tsokos ISBN: 978-0-12-417113-8
- Introductory Applied Biostatistics by Ralph D'Agostino, Lisa Sullivan, and Alexa Beiser, 1st edition, ISBN-10: 9780534423995, ISBN-13: 978-0534423995
- Applied Statistics and Probability for Engineers, Montgomery and Runger, Sixth edition, ISBN-10: 1118539710, ISBN-13: 978-1118539712
- An Introduction to Statistical Methods and Data Analysis, 7th Edition, Ott, R. L. and Longnecker, M. Fundamentals of Biostatistics, 8th Edition, Bernard Rosner

University-wide Withdrawal Date: The last day to withdraw with a W is **Monday, April 7, 2025**. It will be strictly enforced.

COURSE GOALS

Course Objectives

This course will acquaint students with statistical techniques, with emphasis on applications.

Course Outcomes: On successful completion of this course, the student will be able to

- 1) Demonstrate understanding of various statistical methods for summarizing and displaying data
- 2) Demonstrate knowledge of basic probability and inference
- 3) Demonstrate conceptual understanding of sampling distributions and the central limit theorem
- 4) Perform statistical analysis such as estimation, hypothesis testing, regression, and analysis of variance.

Course Assessment: The assessment tools used will include online homework assignments, quizzes, mid-term exam, and a comprehensive/cumulative final exam.

POLICIES

DMS Course Policies: All DMS students must familiarize themselves with, and adhere to, the **Department of Mathematical Sciences Course Policies**, in addition to official **university-wide policies**. DMS takes these policies very seriously and enforces them strictly.

Grading Policy: The final grade in this course will be determined as follows:

Homeworks	15%
Quizzes	15%
Midterm Exam	35%
Final Exam	35%

Your final letter grade will be based on the following tentative curve.

A	90 - 100	C+	75 - 79
B+	85 - 89	C	60 - 74

B	80 - 84	F	0 - 59
---	---------	---	--------

Attendance Policy: Attendance at all classes will be recorded and is **mandatory**. Please make sure you read and fully understand the **Math Department's Attendance Policy**.

Religious Observance: NJIT is committed to supporting students observing religious holidays. Students must notify their instructors in writing of any conflicts between course requirements and religious observances, ideally by the end of the second week of classes and no later than two weeks before the anticipated absence.

Homework and Quiz Requirements: Weekly homework problems will be assigned on Canvas. In addition to the online homeworks there will be Quizzes. Quizzes could be on paper or using an online proctored environment (Lock down browser with Respondus). <http://www.respondus.com/lockdown/download.php?id=264548414>

Software: Minitab/Excel will be used in the course for assignments/demonstration in class lectures. Laptop/computer would be needed for assessments.

Technical Support

Students may contact the IST Service Desk with any questions. Questions or problems can be submitted via web form by going to: <https://servicedesk.njit.edu> (Links to an external site.) and clicking on the "Report your issue online" link.

You may also call the IST Service Desk with any questions at 973-596-2900.

Exams: There will be a proctored midterm exam during the semester and one cumulative/comprehensive proctored final exam during the final exam week. Use of Non-programmable/Non-graphing calculator is permitted during the exam. Formula sheet and tables will be provided. Exams will be held on the following days:

Midterm Exam	March 11, 2025
Final Exam Period	May 10 - May 16, 2025

The final exam will test your knowledge of all the course material taught in the entire course. Make sure you read and fully understand the **Math Department's Examination Policy**. This policy will be strictly enforced.

Makeup Exam Policy: There will be **NO MAKE-UP QUIZZES OR EXAMS** during the semester. In the event an exam is not taken under rare circumstances where the student has a legitimate reason for missing the exam, the student should contact the Dean of Students office and present written verifiable proof of the reason for missing the exam, e.g., a doctor's note, police report, court notice, etc. clearly stating the date AND time of the mitigating problem. The student must also notify the Math Department Office/Instructor that the exam will be missed.

Calculator Policy: Only a basic (non-programmable and non-graphing) calculator is permitted during the exams.

AI usage policy: AI usage is not permitted in this course for solving problems in class/homework assignments, quizzes, and exams. For project reports, if AI tools are used, AI-generated content must be properly cited, indicating the specific AI tool used and should not be submitted as original work. Any violations will be dealt with according to the NJIT's academic integrity policy.

Cellular Phones: All cellular phones and other electronic devices must be switched off during all class times unless being used for in-class work.

ADDITIONAL RESOURCES

Further Assistance: For further questions, students should contact their instructor. All instructors have regular office hours during the week. These office hours are listed on the Math Department's webpage for [Instructor Office Hours and Emails](#).

Accommodation of Disabilities: The Office of Accessibility Resources and Services (OARS) offers long term and temporary accommodations for undergraduate, graduate and visiting students at NJIT.

If you are in need of accommodations due to a disability please If you need an accommodation due to a disability please contact the Office of Accessibility Resources and Services at oars@njit.edu. The office is located in Kupfrian Hall, Room 201. A Letter of Accommodation Eligibility from the Office of Accessibility Resources and Services office authorizing your accommodations will be required.

For further information regarding self identification, the submission of medical documentation and additional support services provided please visit the Office of Accessibility Resources and Services (OARS) website at:

<https://www.njit.edu/accessibility/>

Important Dates (See: [Spring 2025 Academic Calendar, Registrar](#))

Date	Day	Event
January 21, 2025	Tuesday	First Day of Classes
January 27, 2025	Monday	Last Day to Add/Drop Classes
March 16, 2025	Sunday	Spring Recess Begins
March 22, 2025	Saturday	Spring Recess Ends
April 3, 2025	Thursday	Wellness day
April 7, 2025	Monday	Last Day to Withdraw
April 18, 2025	Friday	Good Friday - No Classes
April 20, 2025	Sunday	Easter Sunday - No Classes Scheduled
May 6, 2025	Tuesday	Thursday Classes Meet
May 7, 2025	Wednesday	Friday Classes Meet
May 7, 2025	Wednesday	Last Day of Classes
May 8, 2025	Thursday	Reading Day 1
May 9, 2025	Friday	Reading Day 2
May 10 - May 16, 2025	Friday to Thursday	Final Exam Period

Course Outline

Changes or modifications, if any, will be announced in class.

Week	Lecture	Chapter	Topic
Week 1 1/21(T)	1	1	Looking at Data-Distributions
Week 2 1/28(T)	2	1	Looking at Data-Distributions
Week 3 2/4(T)	3	2	Looking at Data-Relationships
Week 4 2/11 (T)	4	4	Probability: The study of Randomness
Week 5 2/18(T)	5	4 5	Probability: The study of Randomness Sampling Distributions
Week 6 2/25(T)	6	5	Sampling Distributions
Week 7 3/4 (T)	7	5	Sampling Distributions Review for Exam
Week 8 3/11(T)	8	6	MIDTERM EXAM: TUESDAY, MARCH 11, 2025 Introduction to Inference
3/16(S) to 3/23 (S)			SPRING RECESS (NO CLASSES)
Week 9 3/25(T)	9	6 7	Introduction to Inference Inference for Means
Week 10 4/1(T)	10	6 7	Introduction to Inference Inference for Means
WELLNESS DAY THURSDAY, APRIL 3, 2025 (WITHDRAWAL DEADLINE MONDAY, APRIL 7, 2025)			
Week 11 4/8(T)	11	6 8	Introduction to Inference Inference for Proportions
Week 12 4/15(T)	12	7 9	Inference for Means Inference for Categorical data
Week 13 4/22(T)	13	12	One-Way Analysis of Variance
Week 14 4/29(T)	14		Review for Final Exam
			Reading Day 5/8 and 5/9 (R & F)
5/10 - 5/16			FINAL EXAM WEEK

Changes or modifications, if any, will be announced in class.

Updated by Professor P. Natarajan - 1/14/2025
