

The Coronation Theatre

So we are here at Westminster Abbey, the home of the coronation of the Kings and queens of England and Great Britain dates back to 1066, to the first coronation that took place here on Christmas Day for William the Conqueror.

Since that time, there have been 38 coronations that have taken place. It's here. And that leads up to the 6 May this year, 2023, when their Majesties the King and the Queen Consort will be crowned here at this very spot in Westminster Abbey.
