

The All of Us Research Program for the Research Fellowship cohort #4

Full Research Fellowship cohort #4 Call for proposal is [here](#)

<https://www.researchallofus.org/institutional-agreements/>

Access to the All of Us Researcher Workbench Controlled and Registered Tier data is available to researchers with an institutional agreement in place. Any U.S.-based academic, nonprofit, or health care institution can enter into the All of Us Data Use and Registration Agreement.

Below is the growing list of institutions that have already signed agreements.

Check [here](#) if your institution has already signed an agreement. Checking your institution's status is required before applying to the research fellowship.

If your institution currently has an agreement that includes access to your preferred data tier, create an account.

If your institution does not have an agreement that includes access to your preferred data tier or requires individual agreements, please [submit a request](#) ASAP - and before submitting the research fellowship application - to avoid any delay in accessing data if awarded
