

Thirsty - aespa

english version by memoriia

[Verse 1]

Got me muffling giggles in my pillow.
Re-reading your texts until the morning.
Late night talking, like I'm on a high.
Feels so right. (High)

Wide awake although the sun is still low.
Stress the little things and make my feelings grow.
Dived in, now I'm drowning in your eyes.
But it feels so right. (Ah-woo!)

[Pre-Chorus]

It's all automatic.
Bewitchin', like it's magic.
This fever, symptomatic.
Uh.

This is all fresh, all new. Ah-ah.
What should I do? Ah-ah.
So tell me, what you wanna, wanna do boy?

[Chorus]

'Cause I've never felt this thirsty.
Drunk on love, as if you cursed me.
Yea, I got it bad.
Sip-, sip-, sippin' all night.
'Till deep, deep, deep in the night.

Got some cravings and they're Spicy.
My heart melting like it's icy.
Oh, I got it bad.
Sip-, sip-, sippin' all night.
I'm tip-, tip-, tipsy tonight.

So in love, I feel so thirsty.

[Verse 2]

Tell me, tell me. I'm all ears, yeah I copy.
Feels good, can't nobody ever stop me.
So if you're ready: knock on my heart. Just ring the bell. (Ding)
We'll be startin' our love story.

You set my whole world aglow.
Knew it a long time ago.
I knew it was real when you pulled the trigger.

[Pre-Chorus]

Ah-ah-ah-ah.
Shot me right in the feelings.
Ah-ah-ah-ah.

And the wound is fresh, is new. Ah-ah.
What should I do? Ah-ah.
So tell me, what you wanna, wanna do boy?

[Chorus]

'Cause I've never felt this thirsty.
Overwhelmed, so have some mercy.
Yea, I got it bad.
Sip-, sip-, sippin' all night.
'Till deep, deep, deep in the night.

Got some cravings and they're Spicy.
Got me cavin' in, unwisely.
Oh, I got it bad.
Sip-, sip-, sippin' all night.
I'm tip-, tip-, tipsy tonight.

So in love, I feel so thirsty.

[Bridge]

I'm not afraid. Can't wait. No, no.
Don't wanna hide this desire I have for your fire.
(Each sip, sip, sip, sip)
Taking me higher...
(Sip, sip, sip) So thirsty, thirsty, thirsty.

Talking 'bout it, talking 'bout it.
But who makes the first move?
Thinking 'bout it, thinking 'bout it
here under the crescent moon.

Won't you come a little closer?
Take a chance, no do-overs.
Wanna fall in deep now, don't ya, don't ya, don't ya?
(Don't you baby?)

[Chorus]

Bet you never felt this thirsty.
Been addicted since the first day.
Yea, I got you boy.
Sip-, sip-, sippin' all night.
'Till deep, deep, deep in the night.

Standing there in all your glory.
Finally free from all your worries.
'Cause I got you boy.
Sip-, sip-, sippin' all night.
We're tip-, tip-, tipsy tonight.

So in love, We feel so thirsty.

[Outro]

Woah~ (I'll make you)
Woah~ (I'll make you)
Woah~. Woah, baby.

So in love, I feel so thirsty.
