

Mommy is ready for you, baby? **[chuckle]** Aw, did my baby's eyes go directly to my strap? **[chuckle]** Do you like it? It's brand new. I ordered it while you were asleep so it could be a surprise. It's so pretty and purple. And look at how it shimmers in the light. It makes your mouth water, doesn't it? **[chuckle]** I knew you would. I know exactly what you like. I think it goes with the black harness so well. Really makes it pop. And you can see how long it is. I don't remember what the Etsy seller said but I think it was around 5-6 inches. I know how you don't like toys that are too big or small. I made sure to pick out one that would feel good inside you, especially because I want to fuck your ass with it tonight. I figure that's the best way to break this new toy in, right?

...So good for Mommy. Why don't you undress and get on the bed for me. Face down, ass up. I want to take my time opening you up. Teasing you. Getting you ready and making you desperate for Mommy to fuck you with her new strap. Doesn't that sound fun? **[chuckle while clothes move]** Seems someone is excited for us to begin. I don't even think the word no crossed your mind as soon as you saw me leaning in the doorway with the new toy. Did all rational thought leave your mind as you thought about which hole I would christen this toy with first? I was tempted to use your mouth first. The thought of seeing you on your knees, looking up at me while I face fuck you is so very tempting. Gets me so wet, knowing how you would do that for me. But then I decide this seems like the perfect for toy for your ass and we haven't fucked it in a little bit. Wouldn't want you to forget what it feels like, right? Wouldn't want your asshole to feel left out because we have been doing other stuff recently.

[wet noises on fingers] Legs further apart for me, baby. Spread that hole for Mommy nice and wide. There is no reason for it to remain hidden between those cheeks. **[chuckle]** You feel that? You feel my finger right up against your asshole? I'm waiting a few seconds, letting the hole pucker around the finger. That's when I'll know you are ready for this, for my finger. Your body let's Mommy know exactly what you want and I always give it to you, don't I sweetheart? **[wet noises start]** Mmmm you feel tight, honey. That's okay. I don't mind. We are going to take it slow. Mommy is going to take you apart nice and slowly tonight, make sure your needy hole gets what it hungers for. You love when Mommy does it for you, don't you? All you have to do is be good and let Mommy have her way with you. Yeah, that's good. Taking my finger so well. Letting it slowly open you up. Get you ready for the new strap. I can feel your muscles working around my finger and it's only one. Are you sure this toy isn't going to be too thick for you? Should I switch back to the mouth and let you suck on the strap instead?

...Alright, if you insist, baby. But remember, I gave you an out. I don't want to hear any pouting for the rest of the night, understand?...That's my good baby. Taking my fingers so well, being so obedient for Mommy. Spreading your little ass just how I like. So fucking good for me. I think we should add a second finger now. Yeah, the way I can slide my finger in and out of this hole so easily tells me you are ready for two of them now. **[finger pulls out and wet noises again]** I know how much you hate when the lube is cold so I'm letting it warm up on my fingers for a second or two. Only the best for you, right, my love? So sweet for me. So good for me. Do you feel that? Two fingers teasing the outside of your asshole. Your hole just automatically puckered around them, it's like it's trying to suck me in. I'll go slowly, are you ready baby?

..Very good. Mommy is so proud of you for using your words. There we go. Two fingers, entering this tight little hole. All the way to the hilt and there. I'm going to let them sit for a few moments before I start scissoring and moving them. Wouldn't want to overwhelm you before the fun begins. Fuck, you feel good on my fingers. I can't get over how tight you are, my love. I should really be fucking your ass more so that this is easier. Train this ass of yours to be able to be bent over so I can shove my strap in whenever I want and you just have to take it and say thank you. That's how your asshole should be sweetheart. That's what Mommy wants for you and you want it to, don't you? Awwww, so cute. I'm going to start moving the two fingers now. Nothing more than you can handle. Just a bit of scissoring, like this. Yeah. That's a good baby. Taking both of my fingers so well. You are making Mommy so proud, my love.

[kiss] Couldn't help myself, needed place a kiss on this ass before I fuck it with my strap. I love how you feel wrapped around me. Love how you respond to my touch. Love how fucking good you are for me. Just like that baby, doing so good for me. So fucking good honey. You love how this feels, don't you? Being so vulnerable and letting Mommy open up your ass for her strap? It's going to feel so good once it gets in there. Face down, ass up like this, I can also easily reach between your legs and play with this right here. **[chuckle]** Yeah, that feels good, doesn't it? Mommy fingering your ass and stroking you. Awww so sensitive, it's adorable. Such a sweet little thing for me. Syncing the thrusts of my fingers to the strokes of my hands. Want to make sure it all happens at the same time. Makes you feel so good. Makes you even more sensitive. I want you begging for Mommy's strap before I finally give it to you. After all, if I had let you open yourself up, you wouldn't be having this much fun. You might have even done a sloppy job because you were so excited to be fucked. That's why Mommy has do it. You are too excited to feel my cock inside you. *Don't worry, I know.*

[kiss] That's it sweetheart. Don't cum yet. You still need a third finger. All I'm doing is a bit of light teasing between your thighs. I wouldn't want you to be spent before I had my fun, sweetheart. I guess I'll let up on the teasing and take my two fingers out and add the third. It seems like taking this long is torture for you. **[chuckle and fingers leave, wet noises]** Don't pout, you won't be empty for long. I'm going to fill this pretty hole with three of my fingers. Once I can move them easily in and out, I'll feed you my strap, honey. I know that's what you want. You want me to take care of you and show you just how much you mean to Mommy. Don't worry, you are definitely going to get a treat tonight. For letting me toy you like this, drag it out, tease you. That doesn't mean you can cum though, the jury is still out on that. **[chuckle]** Ready for the three fingers?

...Thank you for using your words, my love. You know how much I love verbal communication. Three fingers, slowly entering you. Doing so good for Mommy. That's it. That's a good baby. Doing so well. And there. All three fingers, buried deep inside you. Doesn't it feel good? You must feel so stuffed. Can you feel all three of them moving at different paces? Or thrusting in and out of you? Mmmmm you are getting looser. That means you are almost ready for Mommy's cock. I bet that excites you, doesn't it? How badly do you want to feel the new pretty purple strap inside of you? Have you been picturing that is what my fingers are? Or are you just enjoying the feeling of Mommy taking care of you and opening you up? It doesn't matter because you are getting the strap anyway. Can't wait to see this ass take every inch of it. It's going to fill you up so good. Even better than my fingers, sweetheart. Yeah. So good for me. Such a sweet little thing for Mommy. Keeping your legs spread so that it is easier for me to finger your ass open. You are so fucking amazing. Always do as you are told. Make Mommy so happy. And not to mention horny. **[chuckle]** I think you are about done. **[fingers leave]** Ready to christen the new strap?
