

## University of Portsmouth subject mentor training 2024/2025 (Secondary ITT)

- Mentor training (and relevant prior learning) should provide mentors with the knowledge and skills they need to undertake the role, including knowledge and understanding of the ITT core content framework and its underpinning evidence, and of the ITT curriculum which the trainee will be following.
- There is strong evidence that effective mentoring is critical to teacher training and ensuring high quality mentor training and support for trainees remains an important part of ITT and the other requirements for mentoring set out in the ITT criteria continue to apply. Ofsted will continue to review the quality of mentor training as part of their inspections.
- The table below outlines the mentor training expectations throughout the year. For those who have mentored before or attended our training within the last 3 years they will **not** need to take part in any of the **face to face** sessions aimed at new mentors.
- **We are offering a summer and autumn term option for our first face to face mentor training session.** These can be booked via this link: [Mentor training booking form 2024](#)

### **Additional online training**

The mentoring requirements were changed in November 2024, removing the compulsory 20 hours training for new mentors. 10 hours of additional online mentor training are still available through our website for those who wish to complete all or some of the training. The DfE will still provide funding for schools for completion of the 20 hours training in the academic year 2024/2025 should mentors wish to apply for this. You can find this training and the accompanying mentor log [here](#).
