

Rules!

BASICS!

- This blog is friendly to all including ocs, doubles, and maybe the occasional crossover from other fandoms, etc. **I will be picky with crossovers.**
- I am **completely caught up** with the **game's lore** and I have **played on the PTB**, but will do my best to be as **spoiler free** as possible. :D (Spoilers will be tagged tw spoilers)
- I tend to write in **paragraphs**, and if I have the time **I may add a drawing** or two to make it a little more interesting.
- Mun is currently a **college student** so replies **may come slow** and **might be often on mobile**. Sorry in advance!
- There will likely be quite a bit of **violence** because... Dead By Daylight is a **horror/slasher game**. 🤖 It's bound to happen.
- If you'd like to plot, shoot me a **DM** or ask me for my **discord!**
- **Don't be afraid to send an ask out of the blue**, I always get excited when I see someone new drop into my inbox! ❤️ Pester these **big dummies** as much as you'd like. (🌸☺☺)

SHIPPING!

- This blog is multi-ship! So every ship is like in a different universe basically (if that makes any sense).

- I tend to ship with chemistry, so it helps to talk and plot out a ship before it's totally official. Adults only. No children. Ever.
- I WILL ship with characters that are already on the blog, so like if you wanna ship, say, your Frank with my Susie, heckin' go for it my dude. My Frank ain't gonna just show up and butt in.
- I **LOVE** OCS! I will definitely ship with OCs! I mean, c'mon, **my main blog is an OC!** (´▽`♡ლ)
- I love writing like the cute first meeting stuff and the slow burn of falling in love it's just- **OOO!** That is my **Bread.** 🍞 **And.** 🍞 **Butter.** 🍞
- I can't say this enough **PLOT LITTLE THINGS WITH ME I'M A HOE FOR CUTE SHIZ. GIMME THAT WHOLESOME GOODNESS. I AM A WHOLESOME FIEND.**

NSFW!

- Star Mun and Muses are **18+**, so mun will be writing/drawing NSFW (as in sexual things).
- I WILL NOT DO THIS WITH MINOR MUNS OR MINOR CHARACTERS. Try to push me to do it and I will likely block you.
- There could definitely be suggestive themes or jokes here and there (with adult muses). Cause I'm an adult and I can. ¯_(ツ)_/¯ Implications will definitely lead to silly shenanigans depending on the muse. (¯▽¯)b

Trigger Warnings!

- As we all know, most, if not all of these characters aren't what one would call stable, so if that makes you

uncomfortable, you may blacklist the custom tags made for said characters (found in the muse list). Or just don't follow me kdfsjkl whatever suits your fancy.
