

PIKE ROAD

GEORGIA WASHINGTON CAMPUS

Dress Code

The GW campus operates in accordance with the BOE approved dress code. The dress code may be found in the PRS Patriot Code of Conduct, but is listed below as well for convenience. The school dress code exists to create a secure, structured, and focused learning environment for learners. Its success relies on the cooperation of learners, parents, and faculty. Learners are encouraged to dress professionally when representing Pike Road Schools in class or the community. Learners should dress modestly and neatly while still being able to express their personal style without disrupting the learning process. Any dress code violations will be considered a Class I offense and will receive appropriate consequences per the PRS Patriot Code of Conduct.
