**Subject line:** Eyeliner painted Sophie's face running down like black veins.

Her sobbing morphs into hyperventilation as she grabs a shiny box cutter blade...

Okay, let's wind the clocks back 8 months.

Sophie is a 17 year old senior at West Monte High School with high aspirations for her life. Young and full of spunk. Blonde and beautiful.

Sophie is going to be a social media sensation she tells herself.

With Tik Tok popping off she sees an avenue to push out her hip-hop dance sessions.

As Sophie begins filming and posting her groovy dance routines on her new Tik Tok account she begins suffering crippling self-doubt.

After 15 posts her account had grown by precisely 19 followers.

8 months later with a new dance routine posted every other day, Sophie has had enough. Not only has her following increased by only a fraction of a percent.

After stating her dreams to the other girls in school and seeing next to no traction, the other girls begin mocking her openly among her peers.

One day Jennifer, a popular girl in Sophie's math class, tells Sophie it is because she has the beauty of a barnyard hog.

This was the last straw a voice inside muttered!

Sophie bolts out of class and runs 5 blocks back to her home. She tears open the supply drawer and snatches a pack of her father's razor blades and rushes up to her room....

Crying uncontrollably.

Sophie pulls out a fresh razor and presses the cold metal against her pale forearm

A small drop of blood begins to break the surface and Sophie has a thought

THIS CAN'T BE IT FOR ME!!!

Scrambling for her phone she types into a blank Google search engine, 'secret to growing a huge Tik Tok account'

And you'll never guess what happened!

Within 1 month of signing up for Rachel Pedersen's free Tik Tok starter pack Sophie's account had grown by 45,000 followers!

A year later Sophie has gained insane traction and is living her social media dream!
