ABSTRACT

Write down here your paper's abstract in one paragraph, Sylfaen font size 12 with single spacing, no more than 250 words. The abstract is not an "introduction", or the conclusion of the discussion. The abstract should be typed as concise as possible and should be composed of: problem statement, method, scientific finding results, and short conclusion. Other important matters discussed in the paper that significantly contribute to the final result of the research may be noted here, but you have to consider, however, the limited space of the abstract.

Keywords: mention only specific concepts [word or phrase], 3-5 concepts, truly conceptual words, and not too general ones
