**Mogeko:**

Greetings, Everyone! Syachi-sensei's cruel abuse class... will finally begin for the very first time. In this class, Syachi-sensei, or Idate-sensei, an expert, will examine abuse. Well then, Syachi-sensei, nice to meet you.

**Idate:**

Huh? Ah yeah...well thank you.

**Mogeko:**

Well then teacher, what kind of abuse method will you teach about today?

**Idate:**

Of course. Well first, you start with the standard things.

**Idate:**

If you ask what I shall specifically do, then... It is relatively easy, and to be specific, "the infliction of pain from outside the victim, who is trapped in a confined space".

**1) Locked away** {{This appears in the upper right corner}}

**Mogeko:**

IN A CONFINED SPACE!

And exactly how will that be performed?

**Idate:**

Good question. In fact, I have already prepared something for an example.  
I think I can use it for practice.

**Mogeko:**

Thank you very much, Syachi-sensei! So, let's try it out soon in practice. Dear viewers, carefully look at syachi-sensei's example and learn to do it exactly step-by-step!

**Grab the victim, put in a large bag, and hang it. Leave the victim in a confined space for a long time, this will help to increase stress, which will do the trick.**

**Idate:**

So here's what I've prepared. This time the victim is the loser dog-kun (lol) It was surprisingly difficult to catch him quickly. Oh well.

Upon doing so, I put him in an enclosed bag and hung him from the rope.

It's best to leave him alone for as long as possible..... Yes, it would be good to leave the victim by himself for 2-3 hours.

So now, I'll proceed to the action.

**Idate:**

Well, for starters, prepare a proper club. It's better to choose something firm.

.....Although I do not often resort to violence, using weapons.

Well, it is not too difficult to understand. Alright, I'll begin.

Hey~ Wolf-kun. Enough already, you're awake, huh?

*-Exclamation point from Shirogane's bag-*

**Idate:**

What do you think I'm going to do to you now? Try to guess. Hehehe.

*-Idate hits bag-*

**Shirogane:**

KYAAAAAAH!!!

**Idate:**

Ahahaha, that? That just now, was the scream. Cool. (lol)  
Was it that painful? Well then, I'll knock you around some more.

Let us try to live life so that it be full of violence!  
Syachi-sensei, thank you very much for today!

**Idate:**

Next time I will teach you more "deliciousness."

**Mogeko:**

Ladies and gentlemen, look forward to next time! Until then, carefully repeat what you learned today!

Today's lesson was conducted by: Syachi-sensei, me, Mogeko, and Tori-san.
