

Will be Marika's husband and Godwyn's father

Somewhat opposite of Marika

- *"You'll be the Shadow, I'll be the Light."*

Very special and self indulgent to me.

Pere-David's Deer

Older man. Not too buff, but maybe built like he was a fighter once upon a time.

Design Inspiration:

- Based off of one of Mal's OCs.
- <https://toyhou.se/10854207.lucifer-lu->

All of his art is **VERY** old. The brown stripes image is not canon.

He's just a tiger - maybe with a twinge of pseudo melanism?

But he's also my old man and i am very sensitive about him I don't care if he's the devil from the bible

Color Concepts

I want him to give Tiger the same way Baihu does.

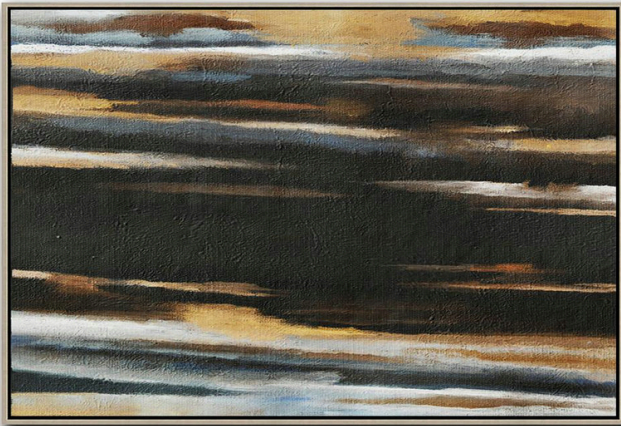

Like you can look at him and clearly see “tiger”

I think i want a palette similar to this:

more so the right one?

I also like when you do painty so something like this would be nice on the back area. Obviously you can't see the back but you know what I mean. I would also pay you more to draw a little mini pelt view on the side.

I am obsessed with the black mouth/neck/chest on this. Something similar in black or dark brown?
