

How to share your zoom screen

*Before getting started, make sure to have 2 things:

1. Your 2nd device
2. The zoom app downloaded on your 2nd device

Follow these steps below:

1. Start your zoom meeting on your main device, the same device you will be meeting with your clients on
 - All steps below are on your 2nd device
2. On your 2nd device, open up an internet tab, go to zoom.us and click join a meeting
3. Type in the meeting ID for your zoom that you already have open on your main computer, the same zoom your clients are meeting you on
4. Click cancel if it opens it asks to open an app, click launch meeting, it will ask to launch app, click cancel
5. Below launch meeting it says join from your browser, click that
6. For name you can type in your name, or tech support, or trainee, etc...
7. Click stop camera and also click leave audio
 - Now, the next steps are your app not the internet browser that is open
8. Open your app on your desktop and click join meeting DO NOT SIGN IN
9. Join with camera and audio
10. Join the main zoom 408 770 9210 PW 1234
11. Go to AO Central breakout room
12. Share your screen
13. On your 2nd device, make sure you are unmuted so everyone can hear you and mute your volume
