\*And overseas voters who are registered to vote in California may also vote in California state elections. Electing Democrats to the Governor's office, the California State Legislature and local offices is the best way to hold Republicans accountable for the damage they and Trump are doing to the US and the world.

**Questions?** Email us at [gotv@democratsabroad.org](mailto:gotv@democratsabroad.org). We'll get back to you right away!

*Know someone who votes in California? Please share this information with them. A Blue Tide floats all boats!!*

*\*Note: Because the legal requirements to establish "residence" or "domicile" for tax purposes are determined by state law and the specific facts of your life, it is important that you seek advice on these matters from your tax professional. Even if registering to vote in state and local elections is not sufficient on its own to make you liable for state taxes, other factors such as maintaining a state driver's license or maintaining a mail forwarding address at a relative's home may make you liable for state taxes.*

Democratically yours,
