PRIVACY POLICY FOR "BODY EDITOR" APPLICATION

This privacy policy governs your use of "Body Editor" application.

What Information Does the Application Obtain and How Is It Used?

The Application may collect certain information automatically, including but not limited to:

·The type of mobile device you use
·Your mobile device’s unique device ID
·The IP address of your mobile device
·Your mobile operating system
·The type of mobile Internet browsers you use
·Information about how you interact with the Application

Does the Application Collect Precise Real-Time Location Information?

The Application does not collect precise information about the location of your mobile device.

Do Third Parties See and/or Have Access to Information Obtained by the Application?

The Application may share certain data with third-party services, such as AdMob or Appodeal, to display targeted advertisements. This may include device identifiers, approximate location, and usage data.

What Are My Opt-Out Rights?

You can stop all information collection by the Application at any time by uninstalling it. You may use the standard uninstall processes available as part of your mobile device’s operating system or via the application marketplace.

Data Retention Policy, Managing Your Information

We will retain user-provided data for as long as you use the Application and for a reasonable period thereafter. Automatically collected information will be retained for up to 24 months and may then be stored in aggregate form. Note that some user-provided data may be required for the Application to function properly.

Face Data

Collecting of face data

The app does not collect any face data or personal information. All photos used in the app are processed solely on the user's device and are not collected, stored, or transmitted to any external servers by the app.

Retaining of face data

Face data is not retained by the App. Any processing occurs in real-time on the user's device and is not stored anywhere after processing is complete.

Explanation of all planned uses of the collected face data

There is no collection or storage of face data by the App. The app processes photos directly and does not retain or use the data beyond the immediate functionality of generating the result for the user.

Share face data with any third parties

Face data is not shared with any third parties. The app does not collect or store any data, ensuring that no face data or other personal information is transmitted or retained.

Security

We are committed to safeguarding the confidentiality of your information. All data is securely stored and protected using industry-standard measures. However, please note that no method of transmission over the internet or method of electronic storage is 100% secure.

Changes

This Privacy Policy may be updated periodically for any reason. You are advised to consult this Privacy Policy regularly for any changes.

Your Consent

By using the Application, you consent to our processing of your information as described in this Privacy Policy. "Processing" refers to the collection, storage, deletion, use, combination, and disclosure of information as necessary to provide the Application's services. If you reside outside the United States, your information will be transferred to, processed, and stored under United States privacy standards.

Contact us

If you have any questions regarding privacy while using the Application or have questions about our practices, please contact us at: PnapplePN@outlook.com.
