

## **Supply List | The Contemporary Austin Art School | Flora- 2023**

This list is a guideline and includes some of my favorite supplies. I expect Level 2 students will have many supplies already. It is not necessary to purchase the exact items listed, they are intended as a reference only. I do have a Pinterest Board: Jan's Workshop Supplies to quickly see visuals of what I am recommending. A link follows. All supplies are available online at Jerry's Artarama | [jerrysartarama.com](http://jerrysartarama.com).

Daniel Smith 66 Dot Chart. I love this reference tool for sampling new colors before i purchase them. With the dot card, you will be able to try out almost any color in the line without buying a whole tube of paint! With a wet brush, the dried dots become brilliant, brushable watercolor. Each watercolor dot is labeled with essential color info (name, series, lightfastness, etc.) for easy reference. Available in 66 or 120 colors. Winsor and Newton also has a 109 color dot chart. Available online at Jerrys Artarama.
