

Ohlone Promise Scholarship  
43600 Mission Blvd., Fremont, CA 94539

May 3rd 2023

For the people who granted me this scholarship,

I am Hillary Gurney, and I would like to thank those who gave me this opportunity with a scholarship, this will benefit my college career! Unfortunately, I cannot attend the ceremony that is being held today.

Before I had started my senior year of high school, I hardly had hopes for college since my family struggles financially; I did not want to burden them with additional bills. I also had dreams of becoming a pilot so I could travel around the world. Obtaining the Ohlone Promise scholarship has not only given me more hope and positivity for my future, but will help relieve the financial stress my parents continue to be in.

In college, I would love to take Business Management to further expand my knowledge in the business world. Ever since I took Introduction to Business, I had always been intrigued to learn more about the management field and how to be a succeeding manager. After college, I would love to join the AirForce as an officer to further my leadership skills.

The Ohlone Promise Scholarship is an opportunity that other students do not have, wasting it would be ignorant. The scholarship will help myself, my career towards becoming a pilot, and my family. Thank you so much for this privilege to further expand my studies.

Sincerely,

Hillary Gurney
