

The Field Guide to the Beastiverse

...Has MOVED!

That's right! I've taken it off Google Docs, and placed a new PDF version in a couple of locations:

- [My Gumroad store](#)
- [My itch.io store](#)
- Possibly other sites to cum!

Why make the change? Well, when I was hosting the ebook here on Google Docs, I couldn't include porn in it (for TOS reasons). But **the PDF version now includes 39 hardcore beastporn illustrations** as the chapter breaks — with more to come!

I've also reintegrated the *Field Guide* with the separate bestiary and grimoire sourcebooks I'd made. (It makes more sense to have it all together.) Next, I'm hoping to add more content, and revise the outdated parts. So, **go get the new, porn-tactular, Guide**, and keep an eye out for updates to it!

❤❤❤,
E.Z. McCain
